ROOM TO RELAX is a main feature of the Delta DC-4. This type ship now flies non-stop from Chicago to Miami in just 6 hours, with 44 comfortable seats in space for 60.

Chicago-Miami Flight Breaks Speed Record

DELTA'S new non-stop flight between Chicago and Miami broke unofficial speed records for commercial ships during November, the first month the non-stop operated.

Fastest time southbound was 4 hours and 36 minutes, a mark set by Captain R. S. Nelson, who arrived in Miami on November 14 exactly 1 hour and 24 minutes ahead of schedule. With the help of a tail-wind, he averaged 285 miles per hour over the 1311-mile route.

During the first 20 days the non-stop flight operated, it averaged 5 hours and 18 minutes southbound, or 42 minutes less than the 6-hour schedule; while the northbound non-stop flight averaged 5 hours and 43 minutes, or 32 minutes less than the 6:15-hour northbound schedule.

Passengers aboard the speedy flights took a keen interest in the flying time and were in some cases making friendly bets about the number of minutes their flight would arrive ahead of schedule.

Other express flights will stop at Knoxville, Atlanta, Savannah and Jacksonville. Delta operates 8 flights daily, of which 3 are DC-4's, from Chicago to the South—5 to Miami, 2 to Charleston, S. C., and 1 to Savannah.

Delta Opens Air Service To Lexington, Kentucky

Home of the thoroughbred horse industry, gateway to Kentucky's blue grass regions, Lexington is now a regular stop on Delta's Chicago-Miami flights. Daily flight schedules followed the opening of Lexington's new municipal airport. Flights to Florida will be over two routes, one through Atlanta and the other via Piedmont cities. Northbound flights are to Cincinnati and Chicago.

TRIP CERTIFICATES POPULAR AS GIFTS

Now, for the first time, you can give an air trip on Delta as a Christmas, birthday or graduation present. The actual ticket is enclosed in a handsome gift folder which bears the name of the donor. The gift ticket may be used as desired by the recipient, who has the privilege of exchanging it for another destination or may obtain a complete refund if not used. Gift trip certificates are on sale, for the first time this month, at all Delta ticket offices. The date of the trip is selected by the recipient later.

OLDEST PASSENGER so far on Delta is Mrs. Jane Stevenson, 97, who flew recently from Atlanta to Miami. Youngest, a two-day old boy.

DELTA was the first line to offer passenger service across the Deep South. That was eighteen years ago, on the original Delta route between Dallas and Birmingham and later Atlanta. Six passengers made up an ample load for the 90-mile-per-hour Travelaires. Fares were about 10 cents per mile, without meals or stewardess service. Today's rates are 4½ cents per mile, at 215 miles per hour in four-engined Deltaliners, with higher speeds to come.

Luxurious 44-Seat DC-4's

Delta now has daily non-stop flights between Chicago and Miami, the first scheduled airline ever to offer this service. Delta's big, smooth-flying DC-4's cruise this route at 218 miles per hour, cutting nearly two hours from Delta's previous fastest schedules.

You'll enjoy both speed and comfort in these Deltaliners. They fly with only 44 seats in space for 60, to give you uncrowded room to relax or roam about. Take the children along, for half-fares up to age 12 are now in effect and youngsters under two fly free.

First to inaugurate DC-4 service between Chicago and Miami, Delta now offers the only scheduled non-stop service between the two points. There is also DC-4 express service over the same route, via Atlanta, Savannah and Jacksonville. For reservations, phone any Delta office or your travel agent.

Penalty on No-Shows to Make More Seats Available

Now in effect on all domestic airlines, including Delta, is a program designed to provide more airline seats by alleviating the "no-show" problem. The plan, briefly stated:

1. Reservations are tentative and are not "firm" until passengers have purchased tickets within a specified time after being advised space is available. Passengers also are required to contact the airline involved to confirm their intention to use return reservations or continuing reservations at points of connection.

2. A 25 per cent service charge, or a minimum of $2.50, will be made when reservations are not used and not cancelled prior to 10 minutes before flight departure. No charge is levied if the air line receives word of the cancellation by telephone, telegram, mail, or in person, prior to 10 minutes before departure time of the flight.
