depends on proof that the damage occurred while the baggage was in the custody of Florida Air Lines. No claims can be paid for damages to fragile articles or from liquid containers packed in baggage.

Responsibilities for Meeting Schedules

Florida Air Lines makes every effort to meet all scheduled arrivals and departures. However, the safety of our passengers and crews is our primary consideration. Because weather and other factors often affect our operating conditions, we cannot guarantee that we will meet every schedule as listed in this folder. For the same reasons we cannot accept responsibility for damages due to failure of flights to arrive or depart as scheduled or for the resulting failure of passengers to connect with flights of this or any other air line.

AIR CHARTER AND AIR AMBULANCE SERVICES

Florida Air Lines Charter Division is ready to carry you to any point, airport facilities and weather permitting.

GENERAL INFORMATION

Reservations and Tickets

You may make your reservations for any Florida Air Lines flight through your travel agent or by contacting direct any Florida Air Lines office or Ticket counter. Reservations may be made either in person or by phone. When you make your reservation, you will be asked when and where you would like to pick up your ticket. If you plan to purchase your ticket immediately before your flight, you should plan to arrive at the appropriate ticket counter at least 30 minutes before your flight time. If you buy your ticket in advance, please plan to be at the ticket counter at least 20 minutes before your departure. Your reservation will be held until 10 minutes before flight time. If you change your plans, please let us know as soon as possible so that your reservation can be made available for someone else.

Reconfirmation

If on your trip you stay in any city for more than 24 hours, we ask that you reconfirm your departure reservations. You may do this by phone or at any Florida Air Lines ticket counter.

Baggage

All Florida Air Lines passengers are allowed two small or medium-sized pieces of baggage, not exceeding 40 pounds in total weight. Additional and larger pieces will be regarded as excess and an additional charge will be made.

Excess baggage will be carried on the same flight as the passenger when there is space available. If not, excess baggage will be carried on the next flight with space available. In such cases baggage cannot be delivered to the passengers home or hotel.

Liability for baggage is limited to $150.00 or its actual value, whichever is less. Claims for damaged baggage or personal property should be filed at the airport as soon as possible since payment of claims
