9 DAILY Round-Trip FLIGHTS

Northeast Airlines is proud of its new Boston and New York Service — nine daily non-stop round-trip flights. In these critical days speed and the saving of time are essential to wartime travelers, and this new service will greatly accelerate our war effort. For the first time Northern New England and the Maritime Provinces have *direct air service* to and from New York, where connections are made for all parts of the United States. More and more, it's *watch Northeast* — giving you time to do more, and the frequent, efficient service *you* want!
