# Worldwide Partners<sup>®</sup>

Delta has formed associations with leading airlines to establish codeshare\* and SkyMiles partnership programs.

The codeshare relationships complement our International schedules by offering added destinations across the globe.

Delta's SkyMiles partners provide you the ability to accrue and redeem SkyMiles with additional airlines, expanding your opportunities to use SkyMiles benefits.

Some of our partners have associations with other airlines to operate certain routes. The following is a list of our current partners and their associated carriers. For more information about traveling on our partners, please contact Delta Reservations, your travel agent, or visit [delta.com](http://delta.com).

For additional information regarding our airline partners, visit partner web sites at the addresses below. There you will be able to find information such as aircraft fleet types and seating configurations.

\*Under codeshare agreements, Delta purchases seats on a foreign air carrier that are resold as Delta seats. These agreements are referred to as "codesharing" since seats on one aircraft are being sold by two airlines, with each carrier placing its own two-letter airline "code" (e.g., "DL") on the flight in the airline schedules and computer systems used by travel agents.

When making reservations involving a codeshare flight not operated by Delta, the reservationist will advise you that another airline is operating the flight. The Delta timetable denotes the same information.

Routes, partners and associated carriers are subject to change without notice. Mileage restrictions may apply for the accrual and redemption of SkyMiles.
