# THE *Virgin* ATTITUDE

Wouldn't you jump on a flight to London or Rome if you could do so for next to nothing? Virgin Express wants to make air travel the most simple, convenient and inexpensive form of transportation in Europe. That's the basic idea behind Virgin Express, the low-fare European airline started by Richard Branson.

To get us there, we've taken a fresh approach to air travel. By eliminating all unnecessary extras, we can lower operating costs dramatically and concentrate on what matters most: quality service and consistent standards. So no tasteless meal at the price of a 3-star dinner, no executive lounge where you meet people who actually like being there, and no newspaper that just gets tagged on to the price of your ticket anyway.

The bottom line of this no-nonsense method is that our low fares have no strings attached and no hidden agendas. How can we do it? What's the catch? Where's the snatch?

**There is none.**

THE VIRGIN ATTITUDE

## HOW DO WE DO IT?

Call it the art of reduction. We removed all unnecessary extras that only inflate your ticket price. We want you to be able to hop on a plane and reach most destinations within Europe in no time. And here's how we do it:

**NO TICKETS, NO BUREAUCRACY** The printing, mailing and handling of tickets costs a lot of money. So, if you contact us for a reservation, you'll receive a confirmation number instead. You just present this number at the Virgin Express check-in desk at the airport, together with your passport, and you'll get your boarding pass. **NO EXECUTIVE LOUNGES**

Luxury is nice, but redundant on a short-haul flight. So we've eliminated expensive add-ons and focus instead on overall service and a dynamic crew. **PLANE MEAL** There is no reason to waste money on cardboard chicken, which is why we offer our passengers a non-pretentious meal (on all flights except LHR, NCE & CPH) with tea or coffee, so they don't get peckish. Alcoholic beverages and soft drinks are available on board at a reasonable price. **ONE TYPE OF AIR-CRAFT**

We only fly Boeing 737 jets. So our pilots, mechanics and other staff know this aircraft inside out. No need for costly re-training and our personnel can work on every one of our planes. **SO WHAT DO WE SPEND MONEY ON?** We invest in the things that are most essential to you: experienced pilots, qualified ground and flight personnel and great aircraft and maintenance. We fly to the major airports which guar-

antee quick, convenient transportation into town: London, Heathrow; Milan, Linate; Rome, Fiumicino, etc. We don't drop you in the middle of nowhere! **WHERE DO WE FLY?** Today you can choose between daily scheduled flights to a wide range of destinations: Barcelona, Brussels, Copenhagen, Faro, London, Madrid, Malaga, Milan, Nice and Rome. **HOW MUCH DOES IT COST?** Unlike other airlines, our low fares aren't based on complicated restrictions like tie-in hotel packages, weekend stay-overs or one-way surcharges. Virgin Express offers best-value-for-money transportation throughout Europe from its Brussels hub. Consistently priced below competitors we offer eight different fares to meet the different needs of our passengers, including special fares for children aged 2 to 12 and promotional fares. The further in advance you book your flight, the easier it is to get the lowest fares. When travelling on lower fares, restrictions will apply with regards to cancelling and changing your reservation. When travelling at a higher fare you will have more flexibility to change or cancel your reservation. Our reservations agents can tell you all about the different fare rules, or visit our website. **HOW DO YOU MAKE A RESERVATION?** You can book your flight 24 hrs/day on our website, [www.virgin-express.com](http://www.virgin-express.com) or call us seven days a week. We accept all major credit cards. Alternatively, just call your local travel agent. **WHO FLIES WITH US?** Tall people, small peo-

THE VIRGIN ATTITUDE

ple, the guy downstairs with the big ears. Old people with funny hats, young hip hoppers. People with a lot of money, or little money. Look around you on any Virgin Express flight and you'll see a diverse mix of business travellers, families and other cost-conscious travellers. But they have one thing in common: they're smart and they don't like being ripped off. They have the Virgin Express attitude.

## TRAVEL INFORMATION

**HELP US TO BE PUNCTUAL** Please allow enough time to catch your flight. Check-in counters open two hours prior to departure and close 30 minutes before the scheduled time of departure.

**PASSPORTS** All passengers on Virgin Express flights are required to present official identification documents (passport or national identification document) at check-in and/or at the gate. This is done to allow our staff to verify that the customer who is booked on the flight is actually the passenger who's checking in, and that he/she is in possession of the documents required by immigration services. Passengers who are not carrying the required documentation may be denied boarding. Resident's cards/residence permits need to be accompanied by a passport or national identification card.

**DO I NEED A VISA?** EU Nationals do not need a visa for visits to other EU Member States. Depending on their nationality, non-Schengen nationals may be required to carry a Schengen visa to travel in the Schengen area. Since this legislation is quite complex, you're advised to contact, prior to travel, the embassy or consulate of the countries you are transiting and wish to visit, which can give you more detailed information. The following websites give you information on immigration requirements:

**WHICH DOCUMENTS DO CHILDREN NEED?** Each country has different regulations regarding documents for children. Normally children up to 14 years old can be included in their parents' passports, if they are travelling together. However, some exceptions apply. Please contact your local authorities for the latest information. Since September 1, 1999 Belgians who request a new passport, or who extend their old passport, can not include their children in it any more. Instead, these Belgian children (up to 12 years old) need to show an identity certificate, with which they can visit the countries Virgin Express serves. Belgian children older than 12 years always need to have their own identity card. For full details on immigration matters, please contact the embassies or consulates of the countries you are transiting or wish to visit during your trip.
