IMPORTANT

THE *Virgin* ATTITUDE

Wouldn't you jump on a flight to London or Rome if you could do so for next to nothing? Virgin Express wants to make air travel the most simple, convenient and inexpensive form of transportation in Europe. That's the basic idea behind Virgin Express, the low fare European airline started by Richard Branson.

RICHARD BRANSON

To get us there, we've taken a fresh approach to air travel. By eliminating all unnecessary extra's, we can lower operating costs dramatically and concentrate on what matters most: quality service and consistent standards. So no tasteless meal at the price of a 3-star dinner, no executive lounge where you meet people who actually like being there, and no newspaper that just gets tagged on to the price of your ticket anyway.

The bottom line of this no-nonsense method is that our low fares have no strings attached and no hidden agendas. How can we do it? What's the catch? Where's the snatch?

There is none.

THE VIRGIN ATTITUDE

HOW DO WE DO IT?

Call it the art of reduction. We removed all unnecessary extra's that only inflate your ticket price. We want you to be able to hop on a plane and reach most destinations within Europe in no time. And here's how we do it:

NO TICKETS, NO BUREAUCRACY The printing, mailing and handling of tickets costs a lot of money. So, if you contact us for a reservation, you'll receive a confirmation number instead. You just present this number at the Virgin Express Check-In desk at the airport, together with your passport, and you'll get your boarding pass. **NO EXECUTIVE LOUNGES** Luxury is nice, but redundant on a short haul flight. So we eliminated expensive add-ons, and focus instead on overall service and a dynamic crew.

PLANE MEAL There is no reason to waste money on cardboard chicken, which is why we offer our passengers a non-pretentious meal (on all flights except LHR, NCE, CPH & GVA) with a free tea or coffee. Alcoholic beverages and soft drinks are available on board at a reasonable price. **ONE TYPE OF AIRCRAFT**

We only fly Boeing 737 jets. So our pilots, mechanics and other staff know this aircraft inside out. No need for costly re-training and our personnel can work on every one of our planes. **SO WHAT DO WE SPEND MONEY ON?**

We invest in the things that are most essential to you: experienced pilots, qualified ground and flight personnel and great aircraft and maintenance. We fly to the major airports, which guarantee quick, convenient transportation into town: London Heathrow, Milan Linate, Rome Fiumicino etc. We don't drop you in the middle of nowhere! **WHERE DO WE FLY?**

Today you can choose between daily scheduled flights to a wide

range of destinations: Athens Int. Airport, Barcelona, Brussels Int. Airport, Copenhagen, Faro, Geneva, Gothenburg Landvetter, Lisbon, London Heathrow, Madrid, Malaga, Milan Linate, Nice, Rome Fiumicino and Stockholm Arlanda. **HOW MUCH DOES IT COST?**

Unlike other airlines, our low fares aren't based on complicated restrictions like tie-in hotel packages, weekend stay-overs or one-way surcharges. Virgin Express offers best-value-for-money transportation throughout Europe from its Brussels hub. Consistently priced below competitors we offer different fares to meet the different needs of our passengers, including special fares for children aged 2 to 12 and promotional fares. The further in advance you book your flight, the easier it is to get the lowest fares. When travelling on lower fares, restrictions will apply with regards to canceling and changing your reservation. When travelling on a higher fare you will have more flexibility to change or cancel you reservation. Our reservations agents can tell you all about the different fare rules, alternatively you can always visit our website. **HOW DO YOU MAKE A RESERVATION?**

You can book a flight in your own language 24 hrs/day on our website, www.virgin-express.com or call us seven days a week. We accept all major credit cards. Alternatively, just call your local travel agent. **WHO FLIES WITH US?**

Tall people, small people, the guy downstairs with the big ears. Old people with funny hats, young hip hoppers. People with a lot of money, or little money. Look around you on any Virgin Express flight and you'll see a diverse mix of business travelers, families and other cost-conscious travelers. But they have one thing in common: they're smart and they don't like being ripped off. They have the Virgin Express attitude!

TRAVEL INFORMATION

HELP US TO BE PUNCTUAL

Please allow enough time to catch your flight. Check-in counters open two hours prior to departure and close 30 minutes before the scheduled time of departure.

PASSPORTS

All passengers on Virgin Express flights are required to present official identification documents (passport or national identification document) at check-in and/or at the gate. This is done to allow our staff to verify that the customer who is booked on the flight is actually the passenger who's checking in, and that he/she is in possession of the documents required by immigration services. Passengers who are not carrying the required documentation may be denied boarding. Resident's cards/residence permits need to be accompanied by a passport or national identification card.

DO I NEED A VISA?

EU Nationals do not need a visa for visits to other EU Member States. Depending on their nationality, non-Schengen nationals may be required to carry a Schengen visa to travel in the Schengen area. Since this legislation is quite complex, you're advised to contact, prior to travel, the embassy or consulate of the countries you are transiting and wish to visit. They will surely provide you with more detailed information. The following websites can give you more information on immigration requirements:

WHICH DOCUMENTS DO CHILDREN NEED?

Each country has different regulations regarding documents for children. Normally children up to 14 years old can be included in their parents' passports, if they are travelling together. However, some exceptions apply. Please contact your local authorities for the latest information. Since 1 September 1999, Belgians who request a new passport, or who extend their old passport, can not include their children in it any more. Instead, these Belgian children (up to 12 years old) need to show an identity certificate, which they can use to visit the countries Virgin Express serves. Belgian children older than 12 years always need to

have their own identity card. For full details on immigration matters, please contact the embassies or consulates of the countries you are transiting or wish to visit during your trip.
