IMPORTANT

THE *Virgin* ATTITUDE

At Virgin Express, the low fare European airline founded by Richard Branson, we constantly try to represent the best value in European air travel.

We endeavour to offer you the most reliable punctuality and, on board, we will treat you the way we would like to be treated ourselves!

We have taken a fresh approach to air travel by eliminating all unnecessary extras. Instead we concentrate on what matters most: safe and punctual transportation throughout Europe and... customer care!

HOW DO WE DO IT?

We want you to be able to hop on a plane and reach the airport closest to the centre of Europe's most popular cities in no time. And here's how we do it:

NO EXECUTIVE LOUNGES

Luxury is nice, but hardly a necessity on a short haul flight. So we eliminated expensive add-ons, and we focus instead on overall service and a dynamic crew.

NO TICKETS, NO BUREAUCRACY

The printing, mailing and handling of tickets costs a lot of money. So we decided to stop using them! If you make a Virgin Express-reservation, whether it's via our website, call centre or through your local travel agency, you will receive a confirmation number instead. Together with your passport, this number is all you need to get your boarding pass.

NEW CATERING CONCEPT

We don't serve you food without asking you what, or even if, you want to eat, nor do we add the price of that food to the price of your flight. With the introduction of our new on board catering service we now offer you a choice. You can choose from a variety of quality fresh sandwiches, delicious salads and a range of snacks. This innovation allows us to offer the largest food choice at the best price-quality ratio that there is on any economy class flight in Europe.

ONE TYPE OF AIRCRAFT

We only fly Boeing 737 jets. So our pilots, mechanics and other staff know this aircraft inside out. No need for costly re-training and our personnel can work on every one of our planes.

SO WHAT DO WE SPEND MONEY ON?

We invest in the things that are most essential to you: experienced pilots, qualified ground and flight personnel and great aircraft and maintenance. We fly to the major airports, which guarantee quick, convenient transportation into town: Milan Linate, Rome Fiumicino etc. We don't drop you in the middle of nowhere!

WHERE DO WE FLY?

Today you can choose between daily scheduled flights to a wide range of destinations:

Amsterdam, Athens, Barcelona, Bordeaux, Brussels, Copenhagen, Faro, Geneva, Gothenburg, Lisbon, London City, Madrid, Malaga, Milan Linate, Nice, Palma de Mallorca, Rome Fiumicino and Stockholm Bromma.

PUNCTUAL?

Be sure to keep this timetable close at hand because Virgin Express aircraft leave on time! Throughout the whole of 2002 more than nine out of ten of our flights have left and arrived on time, giving Virgin Express a punctuality record unmatched in Europe.

HOW MUCH DOES IT COST?

Unlike other airlines, our low fares aren't based on complicated restrictions like tie-in hotel packages, weekend stay-overs or one-way surcharges. Virgin Express offers best-value-for-money transportation throughout Europe from its Brussels hub. We are consistently priced below competitors and offer flexibility on all our fares.

We have two fare types:

• **Virgin Value**

This is the cheapest fare on the market. If you have booked this fare you will be able to change the name, destination and schedule of your flight, but you will have to do it at least 24 hours before your flight is scheduled to depart. You will also have to pay € 25,00 administrative costs per change you want to make plus any additional cost amounting to the difference between the price of the original flight and the available price of the new flight at the time the change is requested. Cancellations can not be made when you have booked this fare.

• **Virgin Corporate**

This is the cheapest flexible fare in the market (about 30% lower than any other competitor's flexible fare) and was especially created for our growing group of business travellers. If you have booked this fare you will be able to change the name, destination and schedule for free until 1 hour before departure. You will have to pay any additional cost amounting to the difference between the price of the original flight and the available price of the new flight at the time the change is requested. Cancellations can be made for free when done up to only 1 hour before the aircraft departs.

Changes can be made by calling Virgin Express reservations (numbers are at the back).

Please visit www.virgin-express.com to find out more about Virgin Express' unique fare structure.

HOW CAN I BE SURE TO GET THE BEST DEAL?

This is very simple, either by booking via the website yourself or by letting your travel agent make your online booking. One source: www.virgin-express.com/booknow.html.

Whatever fare you book, you will always get the best deal thanks to an additional discount of € 2,00 per person, per one way flight!

Also check out our offer of the week, which is ideal for people who are not totally time sensitive!

HOW DO YOU MAKE A RESERVATION?

You can book a flight in your own language 24 hrs/day on our website, www.virgin-express.com or call us seven days a week. We accept all major credit cards. Alternatively, just contact your local travel agent.

WHO FLIES WITH US?

Tall people, small people, the guy downstairs with the big ears. Old people with funny hats, young hip hoppers. People with a lot of money, or little money. Look around you on any Virgin Express flight and you'll see a diverse mix of business travellers, families and other cost-conscious travellers. But they have one thing in common: they're smart and they don't like being ripped off. They have attitude - the Virgin Express attitude!

TRAVEL INFORMATION

HELP US TO BE PUNCTUAL

Although the minimum check-in time is 30 minutes, we do advise you to arrive at the airport check-in at the latest one hour (1 hr) prior to flight departure. This to ensure a convenient check-in for all Virgin Express passengers and to help maintain our punctuality. Although we try our best to ensure a fast check-in procedure, during busy times (early morning, late afternoon and holiday periods) you must allow time for parking your car and in some cases queuing to reach the front of any queue. Therefore during busy times we recommend an arrival time at the airport of two hours (2 hrs) prior to flight departure. In order to guarantee your seat on a Virgin Express flight, please make sure you have your boarding card well before the check-in deadline. Check-in desks close exactly 30 minutes before the scheduled departure of the flight. Within 30 minutes before departure we will not be able to ensure the processing of your boarding procedure. In this case you will not be able to travel.

TRAVEL DOCUMENTS PASSPORTS / ID-CARDS

All passengers on Virgin Express flights are required to present official identification documents (passport or national identification document) at check-in and/or at the gate. This is done to allow our staff to verify that the customer who is booked on the flight is actually the passenger who's checking in, and that he/she is in possession of the documents required by immigration services. Passengers who are not carrying the required documentation may be denied boarding. Residence cards/residence permits need to be accompanied by a passport or national identification card.

DO I NEED A VISA?

EU Nationals do not need a visa for visits to other EU Member States. Depending on their nationality, non-Schengen nationals may be required to carry a Schengen visa to travel in the Schengen area. Since this legislation is quite complex, you're advised to contact, prior to travel, the embassy or consulate of the countries you are transiting and wish to visit. They will surely provide you with more detailed information. The following websites can give you more information on immigration requirements:

WHICH DOCUMENTS DO CHILDREN NEED?

Each country has different regulations regarding documents for children. Normally children up to 14 years old can be included in their parents' passports, if they are travelling together. However, some exceptions apply. Please contact your local authorities for the latest information. Since 1 September 1999, Belgians who request a new passport, or who extend their old passport, can

not include their children in it any more. Instead, these Belgian children (up to 12 years old) need to show an identity certificate, which they can use to visit the countries Virgin Express serves. Belgian children older than 12 years always need to have their own identity card. For full details on immigration matters, please contact the embassies or consulates of the countries you are transiting or wish to visit during your trip.

WHAT YOU MUST NEVER CARRY

You may be surprised to learn that some seemingly harmless goods can be dangerous on board an aircraft. There are certain items - considered dangerous goods - which are too dangerous to carry on passenger aircraft. These items must NEVER be part of your baggage. If you are unsure about what you can carry on an aircraft, please contact your local Virgin Express office before you travel.

Flammable liquids ...

Gasoline and alcohol exceeding 70% fuel, paints, solvents, adhesives, and flammable gasses such as lighter refills and camping gas might leak and cause fire.

Household items and industrial products ...

Car batteries, and household chemicals such as bleaches, drain cleaners, many aerosols, mercury and solvents contain dangerous chemicals which can cause toxic fumes and corrosion.

Fireworks and light rockets ...

Signal flares and other explosives might detonate because of their sensitive nature.

Oxygen cylinders

Soda cartridges

Poisons

Matches, lighters ...

Are forbidden in baggage because they may ignite by friction.

Note that this is not a complete list of hazardous materials.
