All times are local. The information contained in this timetable is correct at the time of printing. Virgin Express reserves the right to make changes without prior notice, for which we accept no responsibility. During holiday periods (e.g. Christmas, New Year) or national holidays adjustments to the schedule may occur. Please check our website, www.virgin-express.com, our call centre, or your local travel agent for latest schedules and information.

IMPORTANT

THE *Virgin* ATTITUDE

At Virgin Express, the low fare European airline started by Richard Branson, we constantly try to represent the best value in European air travel. We endeavour to offer you the most reliable punctuality and, on board, we will treat you the way we would like to be treated ourselves!

At Virgin Express we believe in giving our customers maximum choice. We offer basic fares so everybody has the opportunity to fly at the best price in the market. If you wish to add any of the available options to enhance your journey, the fare will be modified accordingly. Just turn to page 3 to find out about the various choices that you have.

We want you to be able to hop on a plane and reach the airport closest to the centre of Europe's most popular cities with the least inconvenience and in the minimum time.

HOW DO WE DO IT?

NO TICKETS, NO BUREAUCRACY

Printing, mailing and handling conventional paper tickets costs a lot of money. So we decided to stop using them. If you make a Virgin Express reservation, whether it's via our website, call centre or

through your local travel agency, you will receive a confirmation number instead. Together with your passport, this number is all you need to get your boarding pass for your chosen flight.

THE CHOICE IS YOURS

For some time now you have been able to guarantee having a seat with significantly more legroom than the standard seat. Only € 10 is what it takes to make sure that you get this extra seat space. And there's more! As well as providing a range of rolls and sandwiches on board we are now offering our "D'Lish" (*think delicious!*) high quality menus. **How to order a high quality menu?** You can order your meal on-line when you book your flight, but if that is not convenient, you can also do so at any time up to 48 hours before departure. Choose from one of the ten gastronomic options with a single mouse click. For children there is a special funbox, which contains tasty snacks, fruit and even games to entertain them during the flight. Please visit www.virgin-express.com should you require further information.

ONE TYPE OF AIRCRAFT

We only fly Boeing 737 jets. So our pilots, mechanics and other staff know this aircraft inside out. No need for costly re-training as our personnel can work with every one of our planes.

SO WHAT DO WE SPEND MONEY ON?

We invest in the things that are most essential to you: experienced pilots, fully qualified ground and flight personnel, great aircraft and top maintenance. We fly to the major airports, which guarantees quick, convenient transportation into town. Unlike some airlines, we don't drop you in the middle of nowhere!

WHERE DO WE FLY TO?

Today you can choose between scheduled flights to a wide range of destinations: Amsterdam, Athens, Barcelona, Bordeaux, Brussels, Copenhagen, Faro, Geneva, Gothenburg, Lisbon, London City, Madrid, Malaga, Milan Linate, Nice, Palma de Mallorca, Rome Fiumicino and Stockholm Bromma. This booklet shows you the frequencies and the timings.

PUNCTUAL?

Be sure to keep this timetable close at hand because Virgin Express aircraft almost always leave on time! Throughout the last two years more than nine out of ten of our flights have left and arrived on time, giving Virgin Express a punctuality record unmatched in Europe.

HOW MUCH DOES IT COST?

Unlike other airlines, our low fares aren't based on complicated restrictions like tie-in hotel packages, weekend stay-overs or one-way surcharges.

Virgin Express offers best-value-for-money transportation throughout Europe from its Brussels hub. We are consistently priced below competitors and offer flexibility even on our lowest fares.

We have two fare types:

• Virgin Value

This is the cheapest fare on the market. If you book this fare you can change the name, destination and schedule of your flight. But you must do so at least 24 hours before your flight is scheduled to depart. You will also have to pay € 25 administrative costs per change you want to make, plus the difference between the price of the original flight and the available price of the new flight at the time the change is requested. When you book this "value fare", you do not get a refund if you cancel the booking.

• Virgin Corporate

This is the cheapest fully flexible fare in the airline market (about 30% lower than any other competitor's flexible fare) and was especially created for our growing number of business travellers. If you book this fare you are able to change the name, destination and schedule for free up to one hour before your flight is scheduled to depart. Then you will have to pay any additional cost amounting to the difference between the price of the original flight and the available price of the new flight at the time the change is requested. No charge is made for cancelling this type of booking if this is done up to one hour before scheduled time of departure.

Changes can be made by calling Virgin Express reservations (numbers are at the back), at the airport or via your local travel agent.

Please visit www.virgin-express.com to find out more about Virgin Express' unique fare structure.

HOW CAN I BE SURE TO GET THE BEST DEAL?

This is very simple, either by booking via the website yourself or by asking your travel agent to make your booking on-line.

One source: www.virgin-express.com.

Whatever fare you book on the internet, you will always get the best deal as there is an additional discount of up to € 5,00 per person, per one way flight.

Also check out our 'offer of the week', which is ideal for people who are not totally time sensitive.

HOW DO I MAKE A RESERVATION?

You can book a flight in your own language 24 hrs/day on our website, www.virgin-express.com or call us seven days a week.

We accept all major credit cards. Alternatively, just contact your local travel agent.

WHO FLIES WITH US?

Tall people, small people, the guy downstairs with the big ears, old people with funny hats and young hip hoppers. People with lots of money, and some with very little, they are all there. Look around you on any Virgin Express flight and you'll see a diverse mix of business travellers, families and other cost-conscious travellers. But they have one thing in common: they're smart and they don't like being ripped off. They have attitude - **the Virgin Express attitude!**

TRAVEL INFORMATION

CHECK-IN TIMES

There is nothing more frustrating than arriving at the airport too late, having to queue during peak hour, then speed-walking to the gate – with as a worst case scenario the risk to miss your flight. How can you avoid this? Very simple, if you take the following guidelines into account you shouldn't face any problems:

- Travelling during off-peak hours (midday, mid-afternoon, night): Please be at the check-in desk at least one hour prior to departure.
- Travelling during busy hours (early morning, later afternoon, holidays): Please be at the check-in desk preferably two hours prior to departure (it might take you longer to park your car and to queue).
- Travelling from Stockholm Bromma: Stockholm Bromma airport opens every day at 05.45 a.m. local time, except for Saturdays when the airport opens at 08.00 a.m. local time.

IMPORTANT!

- The latest time to have completed check in is 30 minutes prior to departure. If you do not have your boarding card by that time, you will not be able to travel, as the check-in system will be closed to allow an on-time departure.
- Please be at the boarding gate at the time advised by our staff, as indicated on the airport monitors and on your boarding pass. You will not be allowed on the flight if you are not at the gate by the indicated time.

TRAVEL DOCUMENTS

GENERAL

We absolutely urge you to ensure that you have the **official identification documents** (passport or identification documents) and visas (if applicable) which meet the requirements of immigration and other governmental authorities. You will not be able to travel and might even face heavy fines should you not be able to present these documents at every destination and transit point.

Attention! Resident cards/residence permits must also be accompanied by a passport or national identification card.

VISAS

If you are an EU-national you do not require a visa to visit other EU Member States. Non-Schengen nationals may, depending on their nationality, be required to carry a Schengen visa to travel in the Schengen area.

Since this legislation is quite complex, we advise you to contact the embassy or consulate of the countries you are transiting or wish to visit. They will be able to provide you with all necessary information.

CHILDREN

Each country has different regulations regarding documents for children. We would therefore recommend that you contact your local authorities if you are travelling with a child. This way you can be sure to get the latest information.

BELGIAN CHILDREN

Belgian citizens who request a new passport or who extend their old passport can no longer include their children in the new passport.

From now on, the following regulation applies:

- Belgian children up to 12 years old: must show proof of identity.
- Belgian children older than 12 years: must have their own identity card.
- Unaccompanied minors up to 12 years old: must at all times be able to show proof of identity and a statement from the parents, officialised by the commune, in which they agree that the minor may travel alone.

For full details on immigration matters, please contact the embassies or consulates of the countries you are transiting or wish to visit during your trip.

BAGGAGE REGULATIONS

HAND BAGGAGE

It is important that, for the comfort and for the safety of all passengers, your hand baggage is either placed in the overhead bins or put under the seat directly in front of you. If you are seated at an emergency exit, all your hand baggage must be placed in the overhead bins.

One piece of hand baggage is allowed on board:

- Weight: maximum 6 kgs (adults & children)
- Dimensions: maximum 50 x 35 x 20cm
- Attention infants: no baggage allowance

Don't have a ruler with you?

No problem! Just put your hand baggage in our 'sizewizer' which you will find at check-in. If it fits in there and weighs less than 6 kg you can take it on board! In addition to this, a handbag and an overcoat may always be carried. Note: no extra hand baggage for infants is allowed.

ITEMS REMOVED AT SECURITY

Objects which can be used as a weapon in any way or form (inclusive but not limited to firearms, ammunition, knives, daggers, stilettos, scissors, nail files, penknives...) are not allowed in your hand baggage. These items should be transported in your checked-in baggage. Beware that they will be confiscated should they be found at a security check.

CHECKED IN BAGGAGE

The free baggage allowance is set at 20 kgs per passenger. Note: infants: no baggage allowance. Folding push chairs are accepted for transport in the baggage hold.
