Now more of the west is under our wing

YUKON

AirCanada

AirBC features the BAe146

AirBC is growing...

We're enhancing our service to Penticton, Lethbridge and Grande Prairie with more flights and new aircraft. We're adding totally new markets like Peace River and, soon, others. And we're taking on the competition head to head with new services like the popular Calgary-Edmonton Super Shuttle, and new fare structures like our deep discounts on the Whitehorse Breakfast Club.

Our new schedules are better timed to your business day. And our new aircraft include the 4-engine British Aerospace 146, the quietest commercial jet in the

Our Spirit Shows.

world - with roomier, 5-across seating. This new jet now flies from 10 of our markets, including 7 departures each weekday from Kelowna.

Of course, AirBC is an Air Canada connector. So you also gain the convenience of one-ticket booking to all Air Canada destinations in North America and worldwide, while your clients enjoy the benefits of Aeroplan.

None of this would have happened without your enthusiastic support. You've powered our growth into an airline that connects 27 business centres in the west. That's what we call spirit. And it's made us the kind of airline the west really needs.
