NWT Air Cargo is routing for shippers

We fly through the night across Canada to get your cargo to its destination first thing in the morning.

Monday through Friday, nightly throughout the week, NWT Air Cargo flies, east and west, along "Canada's Cargo Corridor".

NWT Air Cargo provides daily service via Winnipeg from Canada's major cities to northern destinations.

We have built our reputation on cargo with our fleet of all-cargo aircraft across Canada and combination cargo-passenger aircraft to the north.

The next time you have an important shipment, large or small, call the NWT Air Cargo office nearest you.

When you ship cargo with us, it stays with us until it reaches its destination.

NWT Air is routing for you

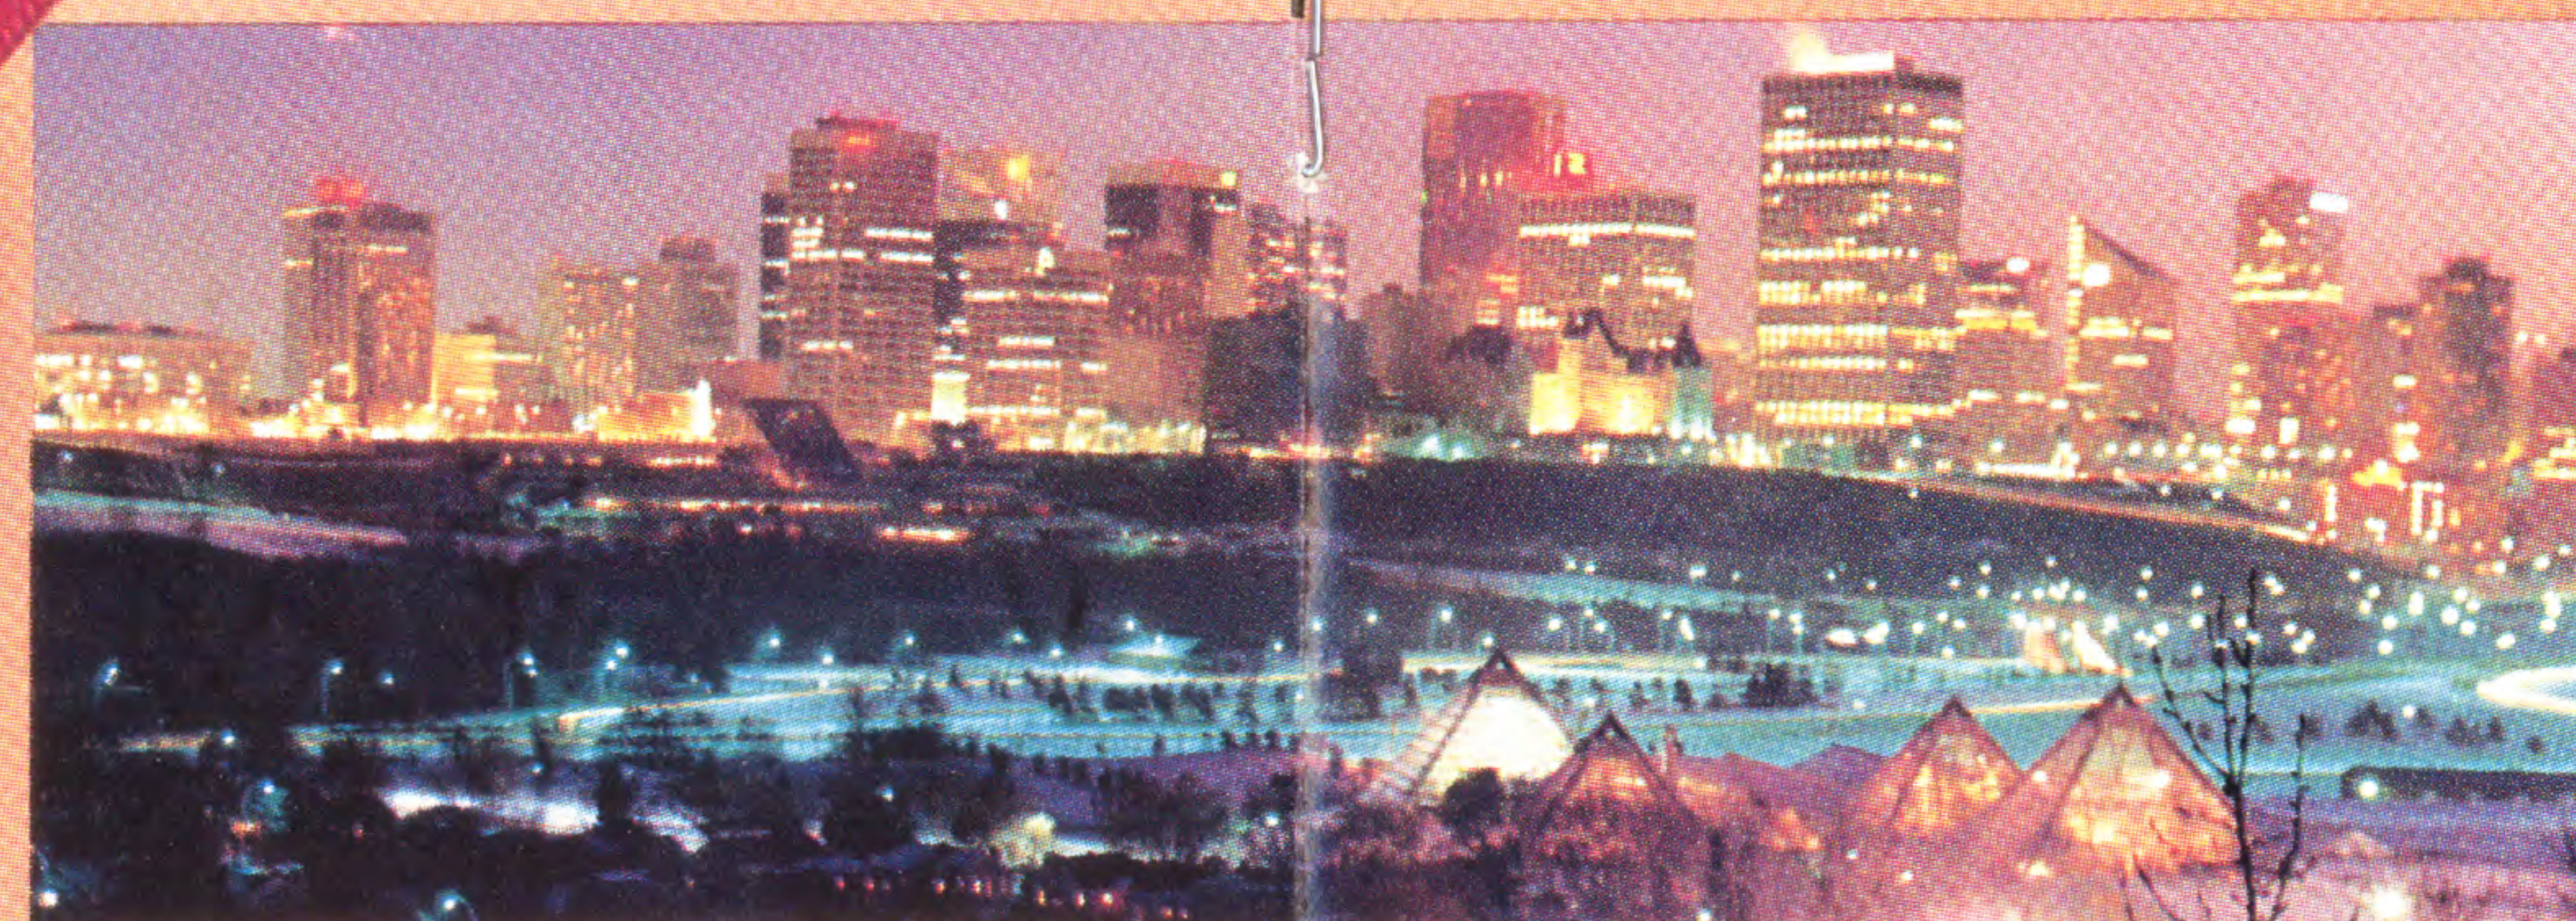

As you can see, we're planning a new northern route! Soon, Northwest Territorial Airways hopes to be able to offer our passengers direct, daily flights to Edmonton from Yellowknife.

(By the way, we're no strangers to Edmonton. Our prime-time cargo service already flies nightly out of Edmonton, transporting cargo across Canada.)

The proposed new passenger route to Edmonton is just one more example of how NWT Air responds to the northern traveller's needs.

Another example is the popular "Winnipeg Shortcut" which continues to provide our passengers

Edmonton

with an exclusive, direct route between Yellowknife and Winnipeg with convenient same-day connecting flights to and from all major Canadian cities.

As for reaching northern destinations, no other airline comes close. Or goes as far. (See the column at the right.)

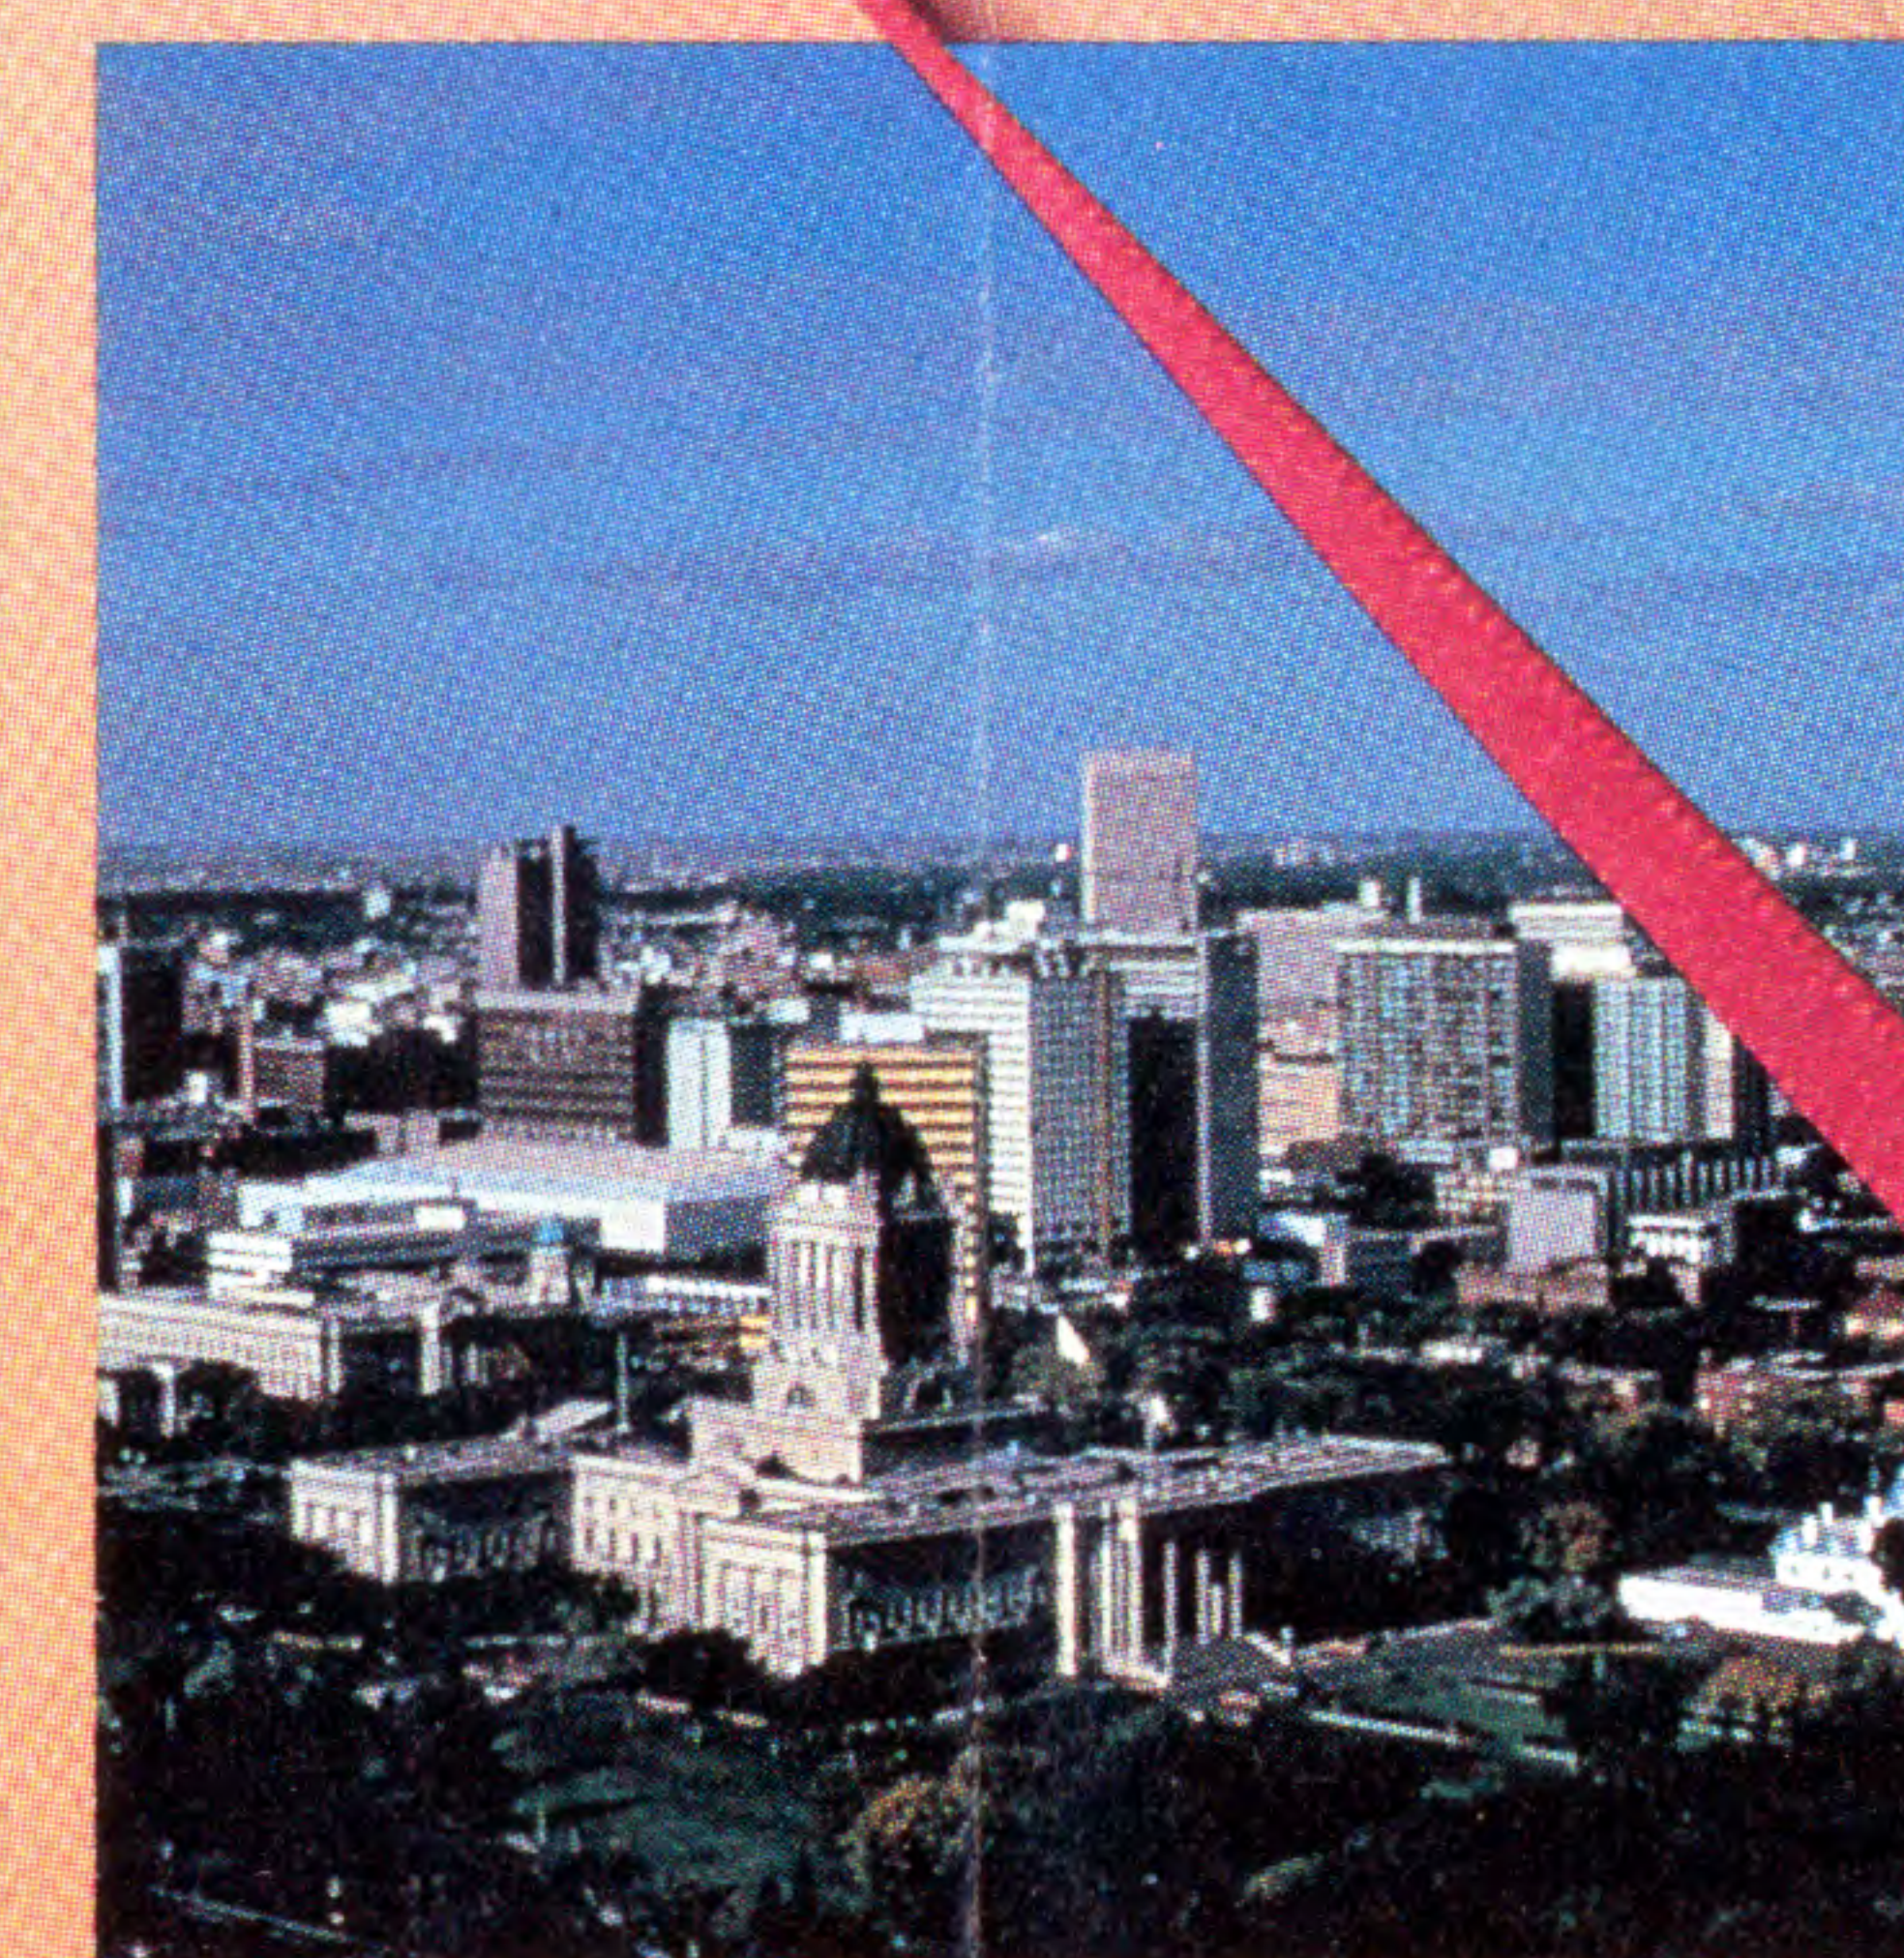

But there are other advantages in flying with NWT Air.

making "the Magic of the North" come alive for you.

Then there's *AEROPLAN*, the Frequent Flyer Program, which lets you earn generous travel rewards when you fly with us or Air Canada.

To find out more about NWT Air flights, have your travel agent refer to RESERVEC II-DRI NV or call toll free 1-800-661-8880.

The Airline of the North serving all of Canada.
