PASSENGER INFORMATION

CONDITIONS OF CARRIAGE.

Your ticket is issued subject to our General Conditions of Carriage for Passengers and Baggage which may be inspected at any CPA office. An extract from these conditions also appears on your ticket.

INTERLINE TRAVEL

C.P.A. has Interline Agreements with all Major Airlines, whereby a passenger may purchase a CPA ticket at any of our offices on which he can travel to destinations throughout the world.

RESERVATIONS.

Make your reservations as early as possible, to avoid disappointment and to enable yourself to complete your travel arrangements in ample time. Upon arrival at your destination or transfer points confirm your onward or return bookings to avoid any possibility of disappointment. Should you find it necessary to cancel or postpone your travel, please advise us at the earliest opportunity and return your ticket.

Stopovers. Passengers are permitted to break their journey at any scheduled stopping place within the period of the validity of the ticket, provided that advance notice is given at the time of making reservations. The fare including the stopover will be the normal through fare, but no hotel accommodation or meals will be provided.

ACCOMMODATION AND MEALS.

Your fare includes the cost of all meals both in the air and on the ground while you are actually in transit on our aircraft. Accommodation and meals can be arranged for you at points where you are transferring to another service. You are advised to ensure that accommodation is booked in advance at stopover points and at your destination. Confirmation of reservations should be held before departure.

GROUND TRANSPORT.

Transport is provided free of charge between most airports and city terminals. Your ticket indicates the time at which you should report at the passenger terminal or the airport. Since these times have been very carefully calculated to prevent any delay or inconvenience, you are requested both for your own sake and that of others to observe them closely.

TRAVEL DOCUMENTS AND HEALTH CERTIFICATES.

Before you can commence your journey it is necessary for you to have a valid passport containing endorsements, visas and permits for the countries through which you desire to pass. Also, to comply with the health regulations in force in these countries, you will need valid health certificates indicating that you have been inoculated against certain diseases within a stipulated period before your arrival. We shall be happy to advise you in detail of the requirements for your trip, and to assist you in completing the necessary formalities, at any of our offices. These documents should be kept on your person or in your handbag, so as to be readily accessible at short notice. We would like to emphasize that any irregularity could mean a considerable delay.

CURRENCY.

Most Governments impose restrictions on the amount of currency that may be taken into or out of their countries, and penalties for contravention are often high. The carriage of notes or coinage is particularly restricted. Accordingly you are most strongly advised to carry your main funds in Travellers cheques or letters of credit.

BAGGAGE.

Your main baggage is carried in the luggage compartments of the aircraft and you will not have access to it until you reach your destination. Accordingly you must include in your hand baggage anything which you will require during the journey, e.g. toilet articles, change of clothing etc. Please note that you are not allowed to carry any explosive or easily combustible material such as lighter fluid or cleaning spirit, either on your person or in your main baggage. Matches, if carried, should be safety matches.

1. Free baggage allowance.

Your ticket entitles you to a free baggage allowance, the amount depending on your journey and the class by which you are travelling. Allowances are listed as follows:-

Electra and DC-6B Services

First class—30 kilograms (66 lb.)

Tourist class—20 kilograms (44 lb.)

Hong Kong/Taipei v.v. Sector, First and Tourist class—

30 kilograms (66 lb.)

FOR FURTHER INFORMATION YOU MAY REQUIRE BEFORE DEPARTURE DO NOT HESITATE TO CONSULT YOUR CPA TRAVEL AGENT WHO WILL BE GLAD TO ASSIST

DC-4 Services

Tourist class—20 kilograms (44 lb.)

Children paying half fare—Full allowance.

Infants at 10% fare—15 kg. including infant and cot.

Certain other articles may be carried free of charge in the cabin of the aircraft e.g. an overcoat, reading matter, etc. A list of these is included with your ticket.

2. Excess baggage.

If you wish to carry more than your free baggage allowance there is a charge payable at a rate of 1% of the published First Class passenger fare per kilogram of excess weight. We should point out, however, that the carriage of excess baggage is always subject to space being available on the aircraft, and accordingly that we cannot guarantee that your excess baggage will travel on the same flight. If you think you may exceed your allowance, the scales in our offices are at your disposal for checking.

3. Pooling of baggage.

Where two or more passengers, travelling as one party to a common destination by the same flight, present themselves and their baggage at the same time and place, they may pool their baggage, and will receive a total allowance equal to the combination of their individual free baggage allowances.

4. Unaccompanied baggage by sea or air.

(a) **By air** A minimum of 10 kilos unaccompanied baggage consisting of personal articles, with some important exceptions, will be carried at 50% of the basic cargo rate provided that the passenger holds a ticket between the same two points. No guarantee is given that the baggage will be shipped on any particular flight.

(b) **By sea** On routes served jointly by C.P.A. and steamship companies who are members of the Sea/Air Interline agreement, it is possible for C.P.A. passengers to send unaccompanied baggage by sea at rates equivalent to those charged by steamship companies to their own passengers. For further details of these facilities please consult any C.P.A. agent.

SPECIAL REQUIREMENTS.

Please consult us in good time if you require any special arrangements to be made for your flight e.g. special diets etc., and we will do whatever we can to assist.

Children We can arrange to supply skycoats for the carriage of very small children, and will be happy to do so if requested in advance. The rules for the transportation of unaccompanied minors are as follows:-

(1) 12—18 years of age—accepted.

(2) 5—12 years of age—accepted, provided no overnight stops are involved, if accompanied to the port of departure and met at the port of destination by adults.

(3) Under 5 years of age—not accepted unless accompanied by an adult passenger.

Medical cases. We reserve the discretion to refuse any prospective passenger whose condition is medically unsound, if necessary at the last moment before departure. In all cases where doubt exists, the passenger must submit to the booking office a doctor's certificate in duplicate certifying that he is fit to travel. An attendant travelling with any infirm passenger must pay a full passenger fare.

CONCESSIONARY FARES.

Subject to certain conditions, concessionary fares and discounts are available as follows:-

(a) Round trip discounts, including round trips made on the services of two or more airlines with whom ticket or interline agreements have been made.....10% reduction on twice the normal oneway fare.

(b) Circle trip discounts, amounting to the lowest combination of fares which can be made up of half the normal through, roundtrip fares along the respective sectors of airlines with whom C.P.A. has agreements.
