March 30-31 – Malta's National Day celebrates the departure of all armed foreign forces from the Island and the attainment of full freedom in peace on the 31st March 1979. Celebrated as the most important event on the cultural calendar, the programme includes outstanding outdoor and indoor popular theatre performances, parades, land and water sports, official ceremonies and colourful fireworks.

April 5 – Good Friday: Processions are held in the afternoon in 14 towns and villages. Life-size statues are carried in procession, with participants dressed in costumes depicting episodes from the Old and New Testaments.

April 7 – Easter Sunday: Morning processions with the statue of the Risen Christ are held in five towns and villages. The statue, accompanied by a brass band, is carried shoulder-high by youths at a run in a festive atmosphere.

April 7-12 – Muzikafest: A festival coinciding with the International Youth Year and the European Year of Music. Participants give performances in various environments. Organised by NSTS – Student and Youth Travel, Muzikafest also offers an insight into the Maltese way of life.

April 9-13 – International Archery Tournament: Scores of participants from Eastern and Western European countries attend this event.

May 10-12 – The three-day Carnival festivities, held mainly in and around Valletta, date back to as far as 1535, when the Knights of St John introduced Carnival in Malta. This festival of fun and merry-making includes dancing competitions in elaborate costumes, band marches, decorated trucks and grotesque masks (see colour picture on back cover). Special features are "Il-Parata" (a sword dance commemorating Malta's defeat of the besieging Turks in 1565), "Il-Maltija" (Malta's national dance), and other dances by companies in costume from a number of countries.

May 16-June 13 – Music Festival: This four-week festival is being launched this year on the occasion of European Year of Music (EYM). Whilst other musical activities in connection with EYM are being organised throughout the year, the Music Festival is the major event to commemorate EYM. The festival, activities of which will be spread throughout Malta and Gozo, includes a major orchestral concert of Maltese compositions at the Manoel Theatre on the 16th May, a performance of Handel's *Judas Macchabeus* at St John's Co-Cathedral, concerts by the New Westminster Philharmonic Orchestra, the National Band, other performances by Maltese and foreign choirs, and a Jazz Jamboree.

June 22-26 – The International Air Rally of Malta draws participants from all over Europe and the United States. Competitions include Time Arrival and a Concours d'Elegance.

June 29-30 – "Mnarja" Folk Festival: This is an all-night traditional Maltese "festa" which originated in the Middle Ages to celebrate the end of the agricultural season. In fact this is mainly a folk festival of the agricultural community. It is celebrated through the night at the Buskett Gardens with a major agricultural exhibition, wine sampling, band marches, carts and cabs decorated on folk themes, and a show with folk singing as its highlight. The Maltese traditional dish, rabbit fried in wine, is served on the spot during the whole night. The festivities reach a climax with bareback horse and donkey races on the morrow, during the afternoon at Rabat.

July 18-August 10 – MALTA FEST – the Maltese International Arts Festival: This festival is a celebration of the Arts in historic surroundings. Top local and foreign talent of performing arts is presented at outdoor venues in major historic sites, like the dance spectacles at the megalithic temple of Hagar Qim, music, choir singing and drama at San Anton Gardens, art exhibitions in Valletta, classical music at the ancient capital Mdina and other art forms including popular modern music at Fort Tigne, Sliema.

September 8: The commemoration of the **Two Sieges** is held to celebrate the raising of two bitterly-fought sieges – that of 1565 and that of 1940-43. On this day, a centuries-old Regatta is held in the Grand Harbour, and it is one of the most popular of spectator sports.

October 5: International yachting – the famous **Middle Sea Race** is in the Annual Calendar of Yacht Races for yachts in Class A and Classes I to IV. This 1,000-km race takes the yachts from Malta around Lampedusa, Pantelleria, Sicily and back. It is organised by the Valletta Yacht Club with the assistance of the Royal Ocean Racing Club. The Middle Sea Race is the climax of a whole week of international yacht racing events in Malta.

November 12-30: Opera season at the Manoel Theatre in Valletta. Malta's national theatre is held to be the oldest theatre still being used in Europe.

December 7-15: Festivities are organised to celebrate **Republic Day**, commemorating the promulgation of the Maltese Constitution which set up the Republic on the 13th December 1974. National competitions for local talent (band music, choirs, ballet, dance) are organised, as well as an outdoor parade at which the President of the Republic takes the salute of the representatives of all sectors of the working population.

December 18-January 1: Christmas and the New Year are commemorated with special activities mainly in the capital Valletta. Competitions for decorative lighting of streets, shopping arcades and club facades draw participation from several business and social communities, while individuals from all over Malta and Gozo participate in the traditional competitions for the best Christmas cribs: small or large, mechanical or still. Most of these are kept open in homes, clubs and other institutions for visits by tourists and the general public.

WHAT IATA AIRLINES STAND FOR

The International Air Transport Association (IATA) this year celebrates its fortieth anniversary. AirMalta has been a member of this Association since its own foundation. What do IATA airlines stand for?

Linking All Nations

IATA member airlines' basic aim, in every part of the world, rich and poor, of whatever political persuasion, is to provide for the easiest and most cost-effective movement of people and goods.

Serving All Customers

IATA airlines carry each year more than a hundred million international passengers and hundreds of millions of pieces of freight and mail. Passengers and shippers not only choose from a wide range of services and tariffs, but also have a choice of competing carriers on virtually every international route. Extensive market research enables the services offered to keep pace with changing customer requirements and tastes.

Ensuring Safety and Reliability

Safety is the absolute priority for IATA airlines, based on the most rigorous standards and a continual interchange of technical information. Next to that, reliability is the key – reliability of schedules and maintenance of services to and from any destination worldwide.

Increasing Efficiency Through Realistic Competition

Competition is a major driving force among IATA members. A framework which provides minimum regulation and realistic competition promotes constantly improved services, lower costs, better productivity and technical innovation. IATA members respond to commercial forces while taking into account the social and economic policies of the 150 States to which they operate.

Maximising Consumer Benefits Through Cooperation

While competing, IATA airlines also cooperate for their passengers' benefit: for their safety, naturally, but also for their convenience. One IATA ticket in one currency permits travellers to use any number of airlines on any multi-stop international journey, as if it were inside a single country.

Compressing Costs by Collective Action

The record of IATA airlines on prices over the past 30 years is better than almost any other major industry. That is because cooperation on engineering, on equipment, on servicing, training and scheduling is a vital factor in achieving cost efficiency. So is collective action to hold down costs levied by Governments for airport and en route facilities.

Promoting Growth and Progress

IATA airlines want more people to fly. To ensure this, as a capital-intensive industry, they seek planned growth, long-term confidence and a reasonable return on investment.

Reducing Regulation and Protectionism

The international nature of the business makes air transport prey to red tape and protectionism. IATA airlines seek to eliminate practices which waste time and money, inhibit the growth of international trade and travel, and work against the interests of the travelling public.

Important Notices

Check-in

Passengers travelling on AirMalta flights – particularly to Cairo and Tripoli – are reminded that check-in time at Luqa Airport for all services is **one hour** prior to scheduled time of departure.

It is in the passengers' own interest to report at the Airport at the prescribed time. Only this will enable us to maintain punctuality.

Reconfirmation

If you break your journey for more than 72 hours at any point, please reconfirm your intention of using your continuing or return reservation. To do so, please inform the nearest office of the airline, on whose services you hold a reservation, at least 72 hours prior to departure of your flight.

Failure to reconfirm entitles the airline to resell your seat.

AirMalta thanks you for your cooperation.
