MAGNIFICENT MILFORD SOUND

Your trip to the south of New Zealand will not be complete without a visit to Milford Sound.

MOUNT COOK AIRLINE operates regular services daily as well as special scenic flightseeing trips from Queenstown.

Billed by overseas journalists as "the most magnificent flight in the world", you will view deep ravines, lush sub-tropical forests, snow capped peaks, high mountain waterfalls and the classic beauty of this magnificent fiord.

MOUNT COOK AIRLINE offers a range of options for your Milford Sound visit. Fly in and stay at the beautiful THC Milford Sound Resort Hotel; or, take a round trip scenic flight which provided time for a delightful launch cruise on Milford Sound itself; or, enjoy just a scenic overflight; or, you may prefer a special fly/coach Milford Sound excursion.

Because of the variable weather pattern care must be taken when planning itineraries to allow sufficient margin as services may be cancelled because of inclement weather. Same day **confirmed flight connections** over Queenstown are not permissible with air services between Milford Sound and Queenstown.

Also because of the limitations imposed by the airfield at Milford Sound only commuter-type aircraft can be used on this service. For this reason group movements through Milford Sound require careful planning.

It is imperative that all passengers reconfirm their travel upon arrival at both Queenstown and Milford.

Contact your nearest MOUNT COOK AIRLINE office for information and reservations.
