CHARTER SERVICES

Our services are designed to make chartering an aircraft as easy as hiring a car. But the big misconception we'd like to clear up is about cost. Chartering by BUIA isn't nearly as expensive as many people believe. And just think of all the advantages. Your own aircraft means you and your colleagues can be just about anywhere in the U.K. or Europe in next to no time. Consequently you arrive fresh and ready for business. We have a fleet of reliable comfortable aircraft capable of carrying up to 50 passengers. Every aircraft is scrupulously well looked after – so well in fact, that our engineering

team has won servicing contracts for light aircraft from all over Europe and Africa. No wonder so many large companies retain us on a contract basis.

It's not only businessmen we fly, either – we have aircraft available for social clubs, common interest parties (parties of any kind, in fact), freight, aerial photography, even air ambulance work.

It's so easy to charter a BUIA aircraft – all you have to do is to contact your travel agent or give us a ring.
