This winter just turn up and take off on British Airways Shuttle

Shuttle – with it's guaranteed seat is a no fuss no reservations service made for travellers in a hurry – particularly businessmen.
No more need to worry about changed itineraries or meetings longer than expected – your seat's guaranteed on the next flight – Shuttle gives you that total flexibility and reliability.

This is all you have to do...

Just turn up at London Heathrow (Terminal 1), Glasgow, Belfast and Edinburgh airports. Follow the Shuttle signs, collect and complete a boarding pass and go directly to the Shuttle gate. Provided you check-in at the gate on or before the flight deadline (see the Shuttle timetable on the back page) we guarantee you a seat.

Signs at the gate are colour coded, as are the boarding passes; red for Glasgow, white for Belfast, blue for Edinburgh. For security reasons we must ask you to fill in the appropriate boarding pass whether you have bought your ticket in advance or intend to pay on board. Simply fill in your name and sign it.

Heavy Baggage

Can be checked in as follows: London Heathrow (Terminal 1): Gate 3 for Glasgow and Edinburgh, Gate 49 for Belfast. Glasgow Gate 26. Edinburgh Gate 3. Belfast Gate 7.

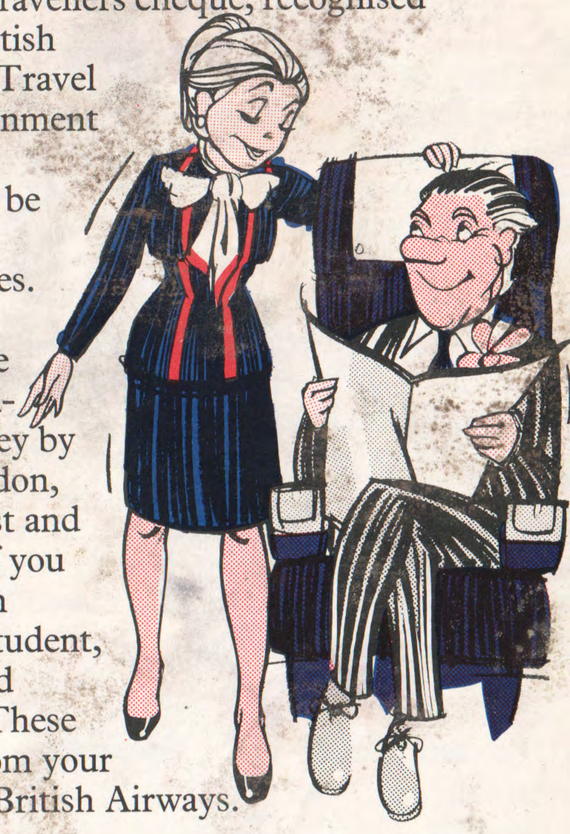

Shuttle Departure Lounges

Enjoy complimentary refreshments while you wait for your flight at London, Glasgow, Belfast and Edinburgh. Drinks are on sale from the Shuttle bar at London Heathrow, Belfast and Edinburgh and from an automatic drink dispenser in the lounge at Glasgow.

Shuttle Tickets

Can be bought in advance from your travel agent or British Airways office or you can pay on board with cash, cheque (backed by bankers card or identification), travellers cheque, recognised credit cards, British Airways Credit Travel Orders or Government Travel Orders. Tickets can also be paid for in most foreign currencies. You must buy a ticket in advance if you are continuing your journey by air beyond London, Glasgow, Belfast and Edinburgh or if you are travelling on group, youth, student, or excursion and standby fares. These are available from your travel agent or British Airways.

New link to central London

From mid-December, the guaranteed seats of Shuttle will be complemented by a new London Transport Underground Service right to the heart of Heathrow airport. It's the ideal combination for business travellers in a hurry. The new Underground link means Heathrow Airport is just 47 minutes from Piccadilly Circus, with up to 15 trains every hour. So that, with the flexibility of Shuttle, you can get between Central London and Glasgow, Edinburgh or Belfast with greater speed and reliability than ever before.

Shuttle standby fares

These are special very low fares for travel on Saturdays and Sundays. Naturally as this is a standby fare, we can't guarantee you a seat, but with Shuttle's frequency at weekends, your chances of travel are extremely good. Standby tickets may not be purchased at the airport on the day of departure or on board the aircraft.
