PASSENGER INFORMATION

CONDITIONS OF CARRIAGE

Your ticket is subject to the Conditions of Contract printed inside the ticket and to Gill Airways Conditions of Carriage of Passengers and Baggage, copies of which can be obtained at any Gill Airways office. A brief summary of information useful to passengers is given below, for full details apply to any Gill Airways office or appointed travel agent.

RESERVATIONS - OVERBOOKING

In order to minimise the effect of "no shows" and to enable their seats to be used by passengers who otherwise would not be able to travel on their chosen flight. Gill Airways and most major airlines may overbook services. By careful monitoring and control we do our utmost to match the number of available seats to the number of passengers that we expect will appear for the flight.

Whilst Gill Airways makes every effort to provide seats for which confirmed reservations have been made, no absolute guarantee of seat availability is denoted by the expression, reservations, bookings, status OK and the timings attached to them.

Gill Airways operates a compensation scheme for passengers with confirmed reservations who are unjustifiably denied carriage because of non-availability of seats and details of these schemes are available at check-in.

CHILDREN AND INFANTS

On domestic flights, an infant under 2 years, accompanied by an adult and not occupying a seat, is carried free. Children 2 years or more, but under 12 years are carried at 50% of the adult fare on all flights, unless specified otherwise.

BAGGAGE ALLOWANCE

There is no free allowance for infants. For all other passengers the free baggage allowance is: Domestic 15kgs per person. Excess baggage will be charged per kilo at the appropriate rate. Baggage must be labelled with passenger's name and address both inside and out. Gill Airways assumes no liability for damage to fragile, valuable or perishable items in checked baggage.

VALUABLES

You are advised to keep valuable articles, travel documents and money either on your person or in your cabin baggage. You can purchase Personal and Baggage insurance at a Travel Agent.

HAND BAGGAGE

The maximum acceptable dimensions for hand baggage are 45cm x 35 cm x 15cm and the maximum weight is 5 kilos. Hand baggage is restricted to one piece per passenger. On certain aircraft, only very limited space is available on board for hand baggage, your co-operation with ground staff and cabin crew is very much appreciated.

UNACCOMPANIED CHILDREN

Children between the ages of 5 and 12 years inclusive may travel unaccompanied by prior arrangement.

CHILD SEATS

Infants under six months are required to be seated on an adult's lap, and secured by an infant seat belt, which is supplied by Gill Airways. Infants between six months and two years old may either be fitted with an infant's seat belt whilst seated on an adult's lap, or may occupy a car-type child safety seat, normally supplied by the parent. The seat must be a shaped seat in which the child is restrained by a suitable harness. The purchase of a separate ticket for the infant is required should a seat be used. Passengers intending to travel with an infant must advise this fact when making their reservation. On reaching their second birthday, children are required by law to occupy a separate seat, for which the appropriate fare must be paid.

PROHIBITED ARTICLES

Government regulations prohibit the carriage of certain articles, such as, firearms, explosives, compressed gases, radioactive or magnetic materials etc. Instruments or articles containing mercury must be so packed as to avoid spillage. If in doubt as to whether other articles may be carried, please contact Gill Airways reservations.

FLIGHTS TO/FROM BELFAST CITY

All baggage is required to be searched by security personnel. You may be asked to produce identification at the police check prior to boarding your flight.

WEATHER

Gill Airways are unable to accept responsibility for the consequences of any delays or cancellations due to weather conditions.

PUNCTUALITY

Every effort is made to ensure punctuality of our services, but we cannot accept liability for the consequences of a delay, or a cancellation of any flight and cannot guarantee making connections.

DEPARTURE/CHECK IN TIMES

Passengers must arrive at the Airport early enough for all formalities to be completed. The times shown on the flight coupons of the ticket are the departure times of the aircraft. Check-in times, as shown in the timetable, are the latest times at which passengers can be accepted for travel, allowing the necessary time to complete all formalities. Flights cannot be held for passengers arriving late, and no responsibility can be accepted in such cases.

REFUNDS

We cannot guarantee refund for a cancelled or transferred reservation. In some instances, the tariff would restrict or even prohibit the granting of any refund.

PORTABLE ELECTRONIC EQUIPMENT

Domestic electronic equipment may cause interference with the aircraft navigation equipment and therefore must not be used during flights. This applies particularly to mobile telephones which must not be used in flight at any time.

TRAVEL DOCUMENTS

It is the passenger's responsibility to ensure that the documents necessary for travel are in order, and the carrier cannot accept responsibility for the consequences of any irregularity. Passengers are advised to keep these documents with them at all times whilst travelling.

AIR PASSENGER DUTY

Air Passenger Duty has been introduced by the Government on all flights both within and from the United Kingdom. The amount charged is dependent upon the itinerary planned with a minimum charge of £5 duty per passenger. Infants under two and not occupying seats and passengers in transit from international destinations are exempt from this charge, subject to Government rules.

SMOKING

In the interests of safety and comfort, Gill Airways operate a no smoking policy on all aircraft and would be grateful for passengers' co-operation throughout the aircraft at all times.

PETS

Gill Airways will permit the carriage of animals under the following conditions:

Domestic animals may be carried in the hold provided they are in a suitable container and only if the flight time is a maximum of 75 minutes and the ground temperature is not below 0°C on the day of departure.

Apart from Guide dogs no animals will be carried in the cabin.
