The new Stansted

Stansted, London's third major international airport, has undergone a massive £400 million development scheme, taking London's air travel into the 21st century.

The complex incorporates:

- a stunning new terminal building, opened in March 1991
- all facilities and control procedures on one level and within a distance of just 150 metres
- an automatic tracked transit system to carry international passengers from the terminal to the apron
- a direct rail link to London's Liverpool Street Station, providing the fastest access into the City from any London airport
- over 2,000 short-term and 8,000 long-term car parking spaces
- the Stansted Harlequin Hotel

Stansted Airport is situated just over 30 miles North-East of London, just two minutes from Junction 8 on the M11.

THE SHORTCUT TO FAST PARCEL DELIVERY

Now you can airlift urgent parcels to ten countrywide destinations by simply taking them to the Air UK check-in desk at your local airport.

Cuts the paperwork

Fastpak cuts paperwork down to size with a simple one-form procedure. All you need to do is hand in the completed form, together with your parcel at the Air UK check-in desk (no later than 30 minutes before departure) and despatch is complete. What's more, you'll know the number of the flight on which it is travelling.

Cuts the time

Fastpak delivers your parcel direct to the baggage carousel at the chosen destination, so there are no time-wasting detours or formalities. The collecting courier simply claims it as he would an item of passenger baggage.

Fastpak is available from ten countrywide airports on Air UK's route network within mainland Britain.
