New Service!

All Continental schedules shown herein will carry mail and express from May 11 on. However, passengers will not be carried between Albuquerque and El Paso on Trips 3 and 4 until May 14th or shortly thereafter. Final date will not be known until approximately May 13.

The world's finest subterranean scenery, the Carlsbad Caverns National Park, is located 28 miles from Carlsbad, New Mexico. Hobbs is a thriving oil center, having developed in the last few years only. Roswell is the home of the New Mexico Military Institute, a school consistently ranked first by the War Department.

These three cities are now accessible by connections with American, TWA, and United Airlines. Both eastbound and westbound American Airlines planes make close connections at El Paso to and from Continental's Flights Nos. 3 and 4. Other connections are made with TWA at Albuquerque and with United at Denver.

Consult your travel agent or airline ticket office for full details of schedules and fares.
