DON'T BE A "NO-SHOW"

Delayed? Plans changed? Whatever the reason, please cancel your reservation if you will be unable to use it. There are many customers desiring confirmed seats who cannot be accommodated because of reserved space that will not be used.

GENERAL INFORMATION

American International Airways operates McDonnell-Douglas DC-9 Super 80 jets with a seating capacity of 170 passengers, and McDonnell-Douglas DC-9-30 jets with a seating capacity of 120 passengers.

CHECK-IN AND BOARDING TIMES

Passengers are requested to check-in at the ticket counter 60 minutes prior to scheduled departure time, and to check in at designated ticket lift point, usually the departure gate, 45 minutes before departure time, but no later than 10 minutes before departure time.

Reservations are subject to cancellation and passengers may not be eligible for denied boarding compensation when check-in at designated ticket lift point is less than 10 minutes prior to departure time.

FORMS OF PAYMENT

AIA will accept American Express, Mastercard, Visa and Universal Air Travel cards.

LOST TICKETS

When a passenger loses his or her ticket, or a portion of the ticket, the passenger will be required to purchase another ticket at the appropriate fare before transportation will be furnished between the points covered by the lost ticket. A lost ticket report can be completed and refund can be expected within four months.

CHILDREN

Children under two years of age, accompanied by an adult, will be carried free. Children from two to thirteen, when accompanied by an adult, will be charged 50% of the applicable coach (Y) fare.

FREE BAGGAGE ALLOWANCE

Each passenger is permitted 2 pieces of checked baggage with linear dimensions (length + height + width) not exceeding 62 inches and not weighing more than 70 lbs. each. Two carry-on items are allowed provided they fit beneath the seat. Approximate combined dimensions are not to exceed 19" x 14" and not weigh more than 23 lbs.

EXCESS BAGGAGE CHARGES

Whenever the free baggage allowance is exceeded, a standard fee of \$7.00 will be charged for each of the first four additional pieces, and \$28.00 for each additional piece of excess baggage. The items listed below are subject to special charges regardless of the total baggage carried:

Bicycle \$14.00	Scuba gear \$ 7.00
Surfboard \$14.00	Household Pets \$21.00

CHECKED BAGGAGE

Checked bags should be locked. Regulations require name identification on the outside of your bag. Do not place money, jewelry or other expensive personal items in baggage which is to be checked. Fragile articles and perishables are accepted as checked baggage only at the passenger's own risk. Checked baggage is subject to inspection and passengers may be required to present identification.

BAGGAGE LIABILITY

Passenger name identification must be placed on the outside of all checked baggage. Baggage identification labels are available from American International at no cost. Liability for baggage between points in the U.S. will not exceed \$750.00 unless the passenger declares a higher valuation and

pay an extra charge. Excess valuation cannot be declared for certain valuable items such as jewelry, negotiable instruments, currency and antiques.

BAGGAGE CLAIMS

Damage or lost claims must be filed with American International immediately upon termination of your flight.

OVERBOOKING OF FLIGHTS

Airline flights may be overbooked, and there is a slight chance that a seat will not be available on a flight for which a person has a confirmed reservation. If the flight is overbooked, no one will be denied a seat until airline personnel first ask for volunteers willing to give up their reservation in exchange for a payment of the airline's choosing. If there are not enough volunteers the airline will deny boarding to other persons in accordance with its particular boarding priority. With few exceptions, persons denied boarding involuntarily are entitled to compensation. The complete rules for the payment of compensation and each airline's boarding priorities are available at all airport ticket counters and boarding locations. Some airlines do not apply these consumer protections to travel from some foreign countries, although other consumer protections may be available. Check with your airline or your travel agent.

PASSENGERS REQUIRING ASSISTANCE

Government regulations require that any person who has a physical or mental impairment, disability or condition of such nature that they may need assistance in the event of an emergency, must notify AIA at least 24 hours prior to scheduled departure. We urge that this information be provided at the time you book the reservation.

PETS

Dogs and cats require a health certificate no more than thirty days old for interstate travel. Cabin carriage may be arranged if the kennel is of a design approved by the Federal Aviation Administration and will stow completely underneath the seat. The underseat dimensions are 19" x 14" x 14". Certain restrictions apply. For further information contract the American International Airways Reservations Office.

NO SMOKING

A section is provided on all American International aircraft for non-smokers. Generally, the forward portion of the aircraft is reserved for non-smokers. Signs are posted in the cabin designating the non-smoking section.

HAZARDOUS MATERIALS

Federal regulations restrict carriage on aircraft of items classified as hazardous materials. These materials include, but are not limited to, flammable gases-liquid and solid, non-flammable compressed gas, radioactive material, etiologic agents, and magnetized material.

SECURITY

For your security, all passengers and their hand-carried items must be inspected in accordance with the government-sponsored security program. Passengers should proceed through security inspection at least 20 minutes prior to departure time.

FIREARMS

Federal Regulations require that firearms transported in checked baggage must be declared at the ticket counter and be unloaded.
