GENERAL INFORMATION

American International Airways operates McDonnell-Douglas DC-9 Super 80 jets with a seating capacity of 170 passengers, and McDonnell-Douglas DC-9-30 jets with a seating capacity of 120 passengers.

CHECK-IN AND BOARDING TIMES

Passengers are requested to check-in at the ticket counter 60 minutes prior to scheduled departure time, and to check-in at the boarding point, usually the departure gate, 30 minutes before scheduled departure time.

Note: Reservations are subject to cancellation and passengers may not be eligible for denied boarding compensation when check-in at the airport ticket counter is less than 30 minutes, or at the boarding point is less than 10 minutes, prior to scheduled departure time.

FORMS OF PAYMENT

AIA will accept cash, checks, American Express, MasterCard, Visa and Universal Air Travel cards.

LOST TICKETS

When a passenger loses his/her ticket, or a portion of the ticket, the passenger will be required to purchase another ticket at the appropriate fare before transportation will be furnished between the points covered by the lost ticket. A lost ticket report must be completed and forwarded to AIA's Refund Accounting Department. Refund of a lost ticket cannot be expected in less than four months.

CHILDREN

A child under two years of age, not occupying a seat and accompanied by an adult will be carried free. A child between the ages of two and thirteen may be carried to and from Florida at a child's fare when accompanied by a fare paying adult. All other children pay the applicable adult fare.

OPERATIONS AND LIABILITY

AIA undertakes to use best efforts to carry passengers and baggage in timely fashion. Times shown in schedules or elsewhere are not guaranteed. Schedules are subject to change without notice. AIA may without notice substitute alternate carriers or aircraft and may change or omit stopping places indicated on the ticket in its sole discretion. AIA is not responsible for failure to make connections or to operate any flight according to schedule, or for any change in schedule of flights. PURCHASE OF A TICKET DOES NOT GUARANTEE TRANSPORTATION. AIA SHALL NOT BE LIABLE FOR ANY DAMAGES WHATSOEVER, INCLUDING CONSEQUENTIAL DAMAGES, ARISING OUT OF THE TRANSPORTATION OR FAILURE TO TRANSPORT OR DELAY IN TRANSPORTATION OF PASSENGERS, OTHER THAN BAGGAGE LIABILITY DESCRIBED BELOW, WHETHER OR NOT AIA KNEW, OR HAD REASON TO KNOW, THAT SUCH DAMAGES MIGHT BE INCURRED. No employee or agent of AIA has any authority to

waive or change any provisions of the terms of transportation or any applicable fares or charges unless authorized in writing by a corporate officer of AIA. The air transportation covered by your ticket is subject to the terms of transportation of AIA, which are incorporated by reference into your ticket and made part of the contract of carriage. You have the right, upon request, to inspect or receive free of charge the full text of these terms.

FREE BAGGAGE ALLOWANCE

For each passenger, the maximum free checked baggage allowance is two pieces, the linear dimensions (length + height + width) of each not to exceed 62 inches and the weight of each not to exceed 70 lbs. One carry-on is permitted, provided it can be placed beneath the passenger's seat. (Approximate dimensions — 19" X 14" X 10")

BAGGAGE LIABILITY

Checked bags should be locked. Regulations require passenger name identification on the outside of all checked baggage. Baggage identification labels are available at the American International Airways ticket counter at no cost. *Do not place* money, jewelry, or other expensive personal items in baggage which is to be checked. Liability for proven damages (direct or consequential) resulting from loss, delay or damage to baggage checked between points within the U.S. or otherwise in AIA's custody is limited to a maximum of \$750 per ticketed passenger unless the passenger declares a higher valuation at the ticket counter and pays an extra charge. Excess valuation cannot be declared for certain valuable, perishable or fragile items such as jewelry, negotiable instruments, currency and antiques. Damaged, lost or delayed baggage must be reported in writing immediately upon termination of your flight. In no event, however, may any action be maintained against AIA for any loss, delay or damage to baggage unless written notice was given to AIA within thirty (30) days of the date of the incident and unless the action was commenced within two (2) years of the date of the incident.

EXCESS BAGGAGE CHARGES

Checked baggage in excess of two pieces shall be charged a standard fee of \$7.00 for each of the first four additional pieces and \$28.00 for each additional piece thereafter. Items that exceed the linear dimension and weight restrictions outlined above and certain items such as bicycles and scuba gear are subject to special charges regardless of the total baggage carried. Please check with AIA or your travel agent for further information.

OVERBOOKING OF FLIGHTS

Airline flights may be overbooked, and there is a slight chance that a seat will not be available on a flight for which a person has a confirmed reservation. If the flight is overbooked, no one will be denied a seat until airline personnel first ask for volunteers willing to give up their reservation in exchange for a

payment of the airline's choosing. If there are not enough volunteers the airline will deny boarding to other persons in accordance with its particular boarding priority. With few exceptions, persons denied boarding involuntarily are entitled to compensation. The complete rules for the payment of compensation and each airline's boarding priorities are available at *all airport ticket counters and boarding locations*. Some airlines do not apply these consumer protections to travel from some foreign countries, although other consumer protections may be available. Check with your airline or your travel agent.

PASSENGERS REQUIRING ASSISTANCE

Government regulations require that any person who has a physical or mental impairment, disability or condition of such nature that they may need assistance in the event of an emergency, must notify AIA at least 24 hours prior to scheduled departure. We urge that this information be provided at the time you book the reservation.

PETS

To eliminate handling costs and maintain our everyday low fares, AIA can no longer transport pets on any aircraft, either as baggage or passenger carry-on.

NO SMOKING

A section is provided on all American International aircraft for non-smokers. Generally, the forward portion of the aircraft is reserved for non-smokers. Signs are posted in the cabin designating the non-smoking section.

HAZARDOUS MATERIALS

Federal regulations restrict carriage on aircraft of items classified as hazardous materials. These materials include, but are not limited to, flammable gases — liquid and solid, non-flammable compressed gas, radioactive material, etiologic agents, and magnetized material.

SECURITY

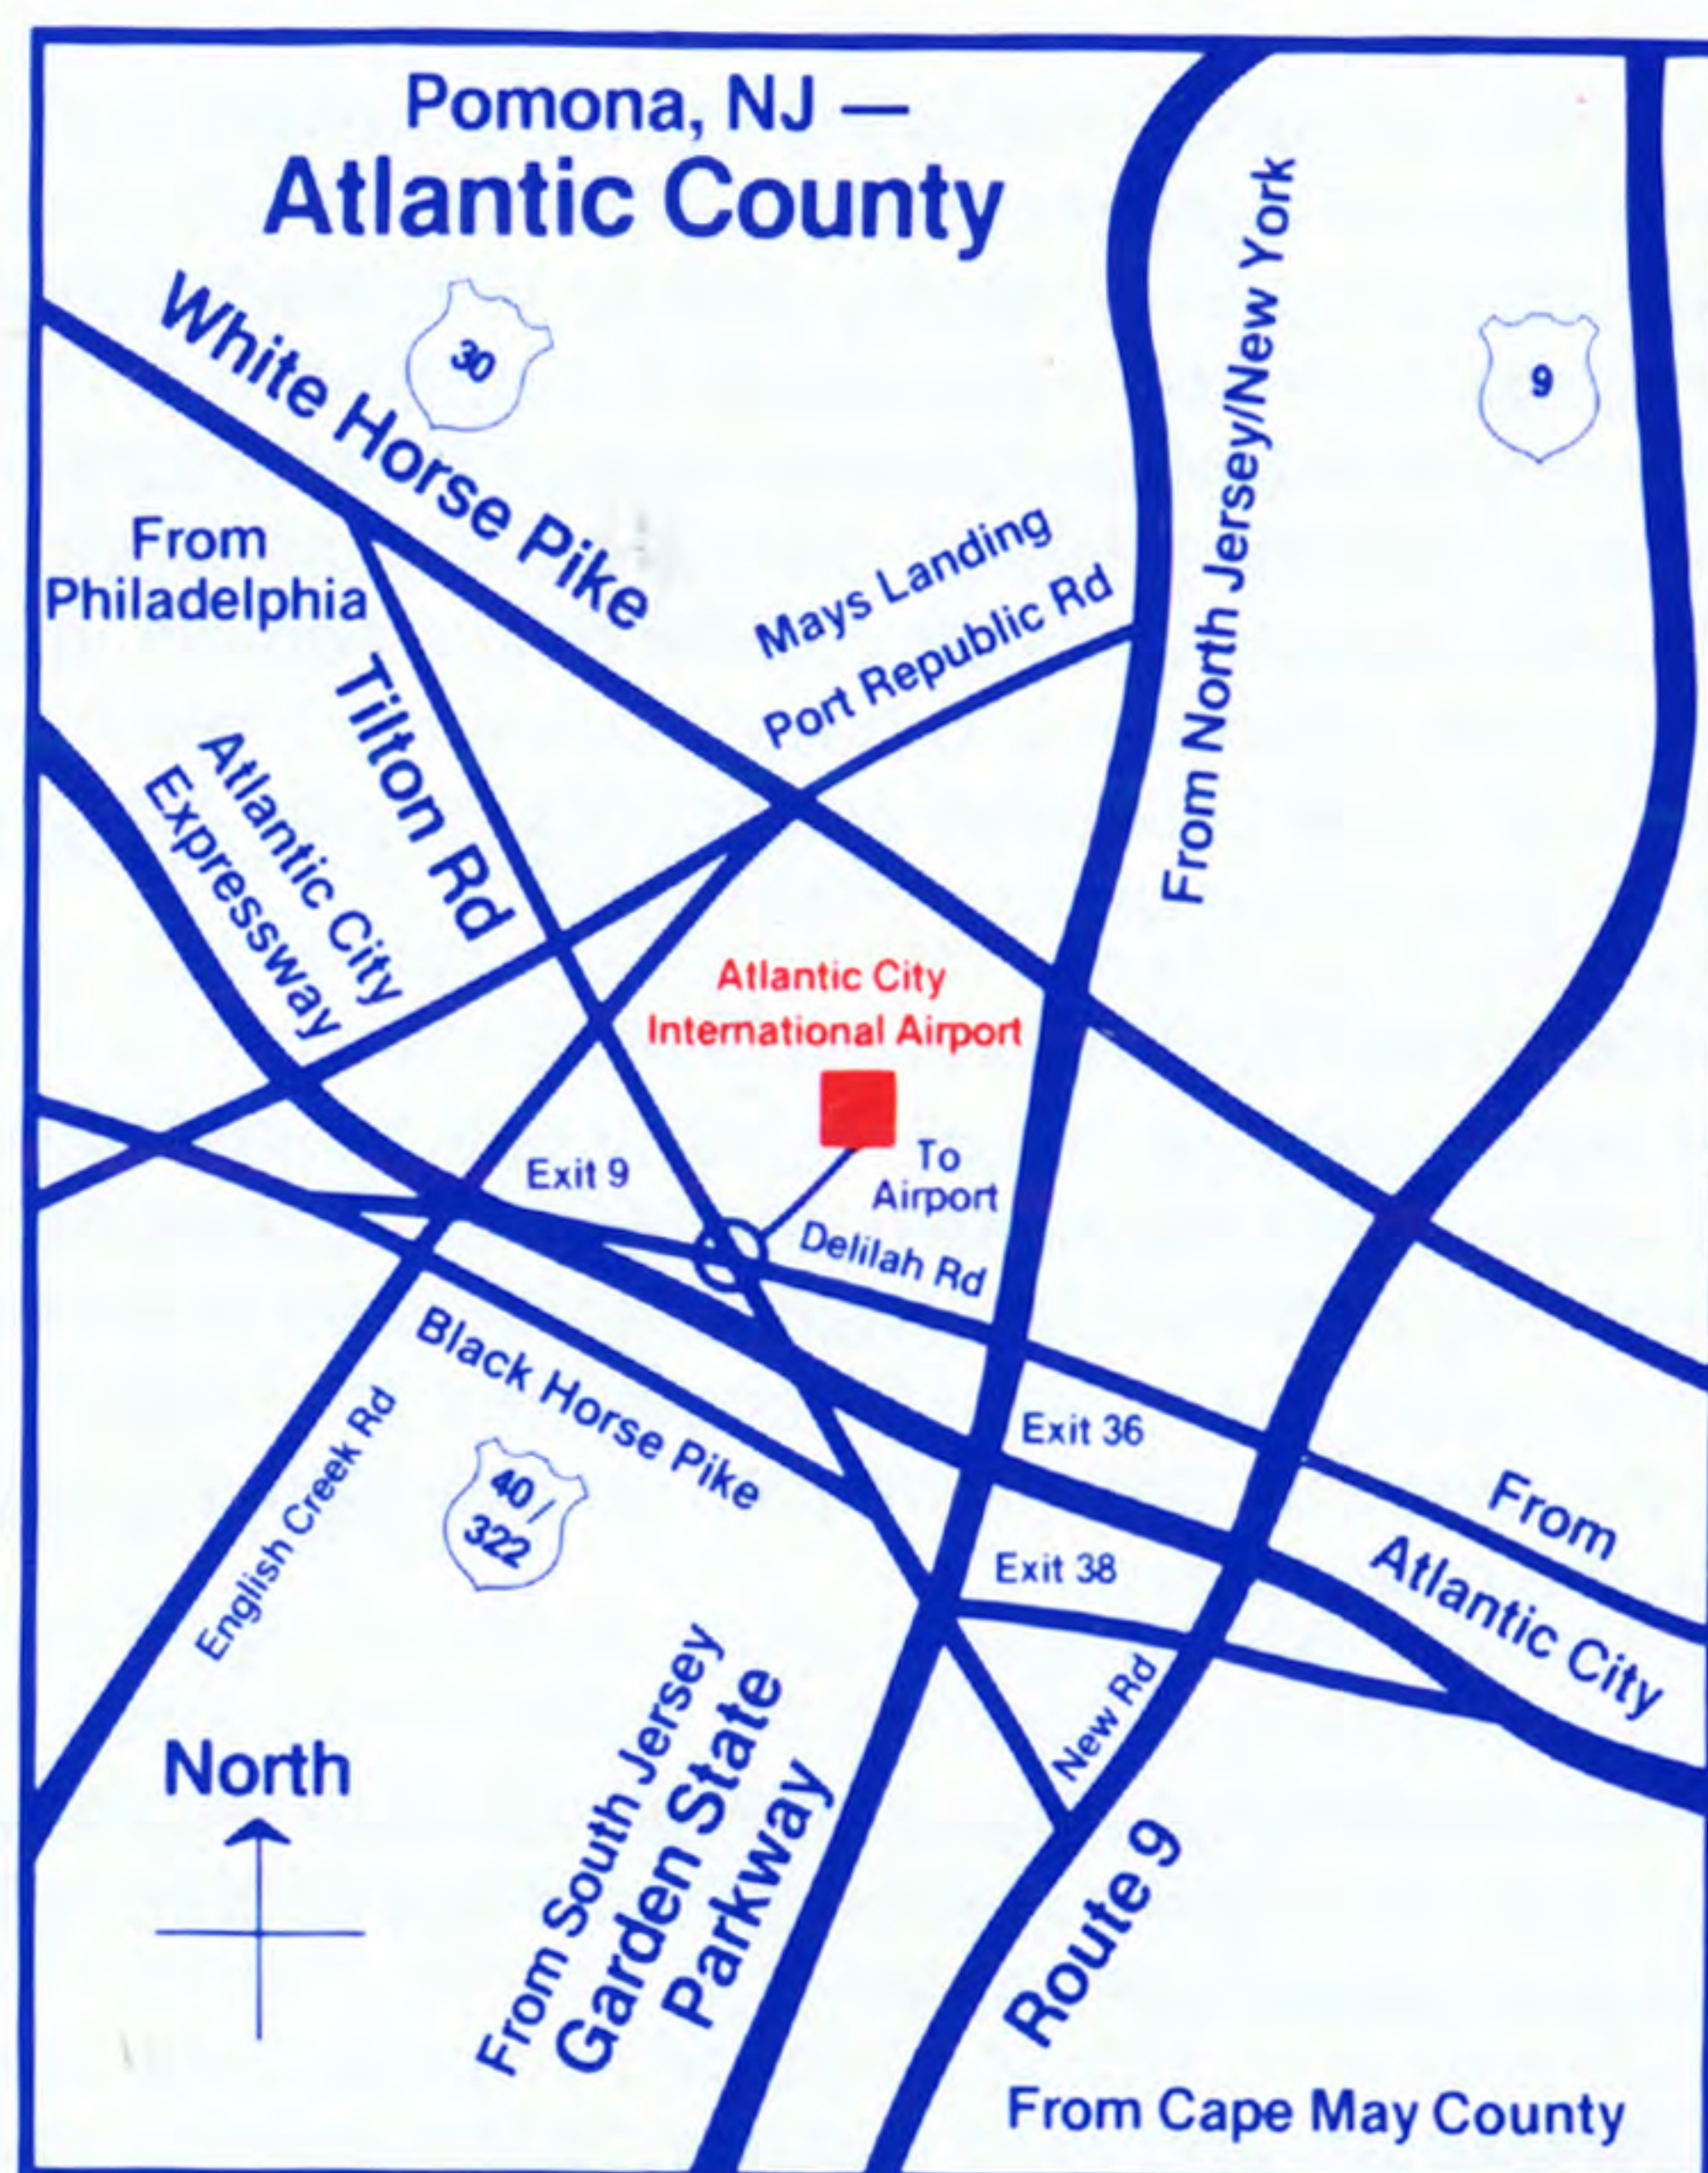

For your security, all passengers and their hand-carried items must be inspected in accordance with the government-sponsored security program. Passengers should proceed through security inspection at least 20 minutes prior to departure time.

FIREARMS

Federal Regulations require that firearms transported in checked baggage must be declared at the ticket counter and be unloaded.

From time to time certain AIA flights may be operated as ITG Public Charters with de Havilland Dash 7 aircraft.

ATLANTIC CITY INTERNATIONAL AIRPORT

Transportation in Atlantic City — As a passenger convenience, regular bus service between Atlantic City International Airport and Atlantic City casinos is available at \$10 roundtrip. Transfers may be purchased from the AIA Customer Service Representative on board your flight.
