CAL-STATE AIR LINES

WE'VE GOT CONNECTIONS

Flight Schedule Effective November 15, 1969

WHO MAKES CAL-STATE RUN (OR FLY)? Some people have the mistaken belief that airplanes make an air line. We disagree. At CAL-STATE, we are dedicated to the belief that it also takes people—carefully selected and well trained people.

It takes people to fly the planes, and it takes people to keep them in perfect condition. It takes people to man our ground installations; plan our schedules; supervise our operations; even keep our operating cost records—so that we can give you the lowest possible fares.

It will interest you to know that CAL-STATE selected its key personnel—men with years of experience in the air lines industry, who are responsible for these activities—many months before our routes were determined and our planes were ordered. This was our way of making certain that CAL-STATE would be the most unique air line of its kind. And, making good on our claim that "UP TO NOW . . . THERE'S NEVER BEEN AN AIR LINE LIKE CAL-STATE."

Flight Schedule Effective November 15, 1969

WELCOME TO THE ROUTE OF THE INTERNATIONAL JETSTREAMS

When CAL-STATE AIR LINES places all of its new International "JET-STREAMS" in service, you'll be flying the most sophisticated aircraft fleet, in its class, anywhere in the world. For, the all weather equipped jet-powered "JETSTREAM" is fully pressurized, flies up to altitudes of 30,000 feet, cruises at speeds of 300 miles per hour, and has a range of 2,000 miles. Small wonder it is known throughout the aviation world as the "pacesetter of the industry."

They're all spanking new and outfitted to CAL-STATE's exacting specifications. And, best of all, they're all being flown by experienced captains and co-pilots.

Hertz

Flying into an unfamiliar airport, that leads into an unfamiliar city, can take a lot of the pleasure out of traveling. And since we at Hertz are dedicated to doing more for people who travel, we're prepared to do something about this. At many airports our people will diagram a map to get you out of the airport, and back, and give you a Ford or another good car to get you where you're going.

In return for this we don't expect your undying gratitude. Since we feel the biggest should do more, the least we can do is to try to make you feel more at home when you're away.

The biggest should do more. It's only right.
