The meaning of
"PIONEER PILOT SERVICE"

Back of the "Experience Record" of every airline stands its pilot personnel! The transport staff of Central Airlines includes many of the veteran pilots who years ago first pioneered the route it flies . . . and has an average flying experience greater than that of any other American airline. Piloting trim new airliners specifically designed for this exact type route, not adapted from long distance transcontinental service . . . with an equally experienced management, expert ground crews and modern facilities of every kind, Central Airlines' Pioneer Pilot Service is the key to its progress.

• NEW CONVENIENT, TIME & DOLLAR SAVING SERVICE

Winging ahead in air travel progress, Central Airlines now offers a greatly improved service, the fastest ever flown over the Washington-Detroit route, and forges a finer link in the nation-wide airline network of which it is a part.

The splendid fleet of all-new, specially designed Central airliners, world's fastest three-engined planes, clips many minutes from all previous schedules, and sets new high standards of passenger comfort and convenience.

Choosing from new frequent, well-timed daily flights, passengers enjoy the distinctive, luxurious appointments of these planes . . . their deep cushioned reclining chairs, scientifically modern sound-proofed cabins, the entertainment of radio programs—and really see the interesting country over which they fly, through gulled non-obstructed observation windows.

Direct connections are made with every major airline for points beyond the Central route; and its low adjusted fares, little features of extra courtesy, extra attention, further invite your comparison and choice of this service to, between and beyond Detroit-Cleveland-Akron-Pittsburgh-Washington.
