THE PIONEER IN HAWAIIAN AVIATION . . .

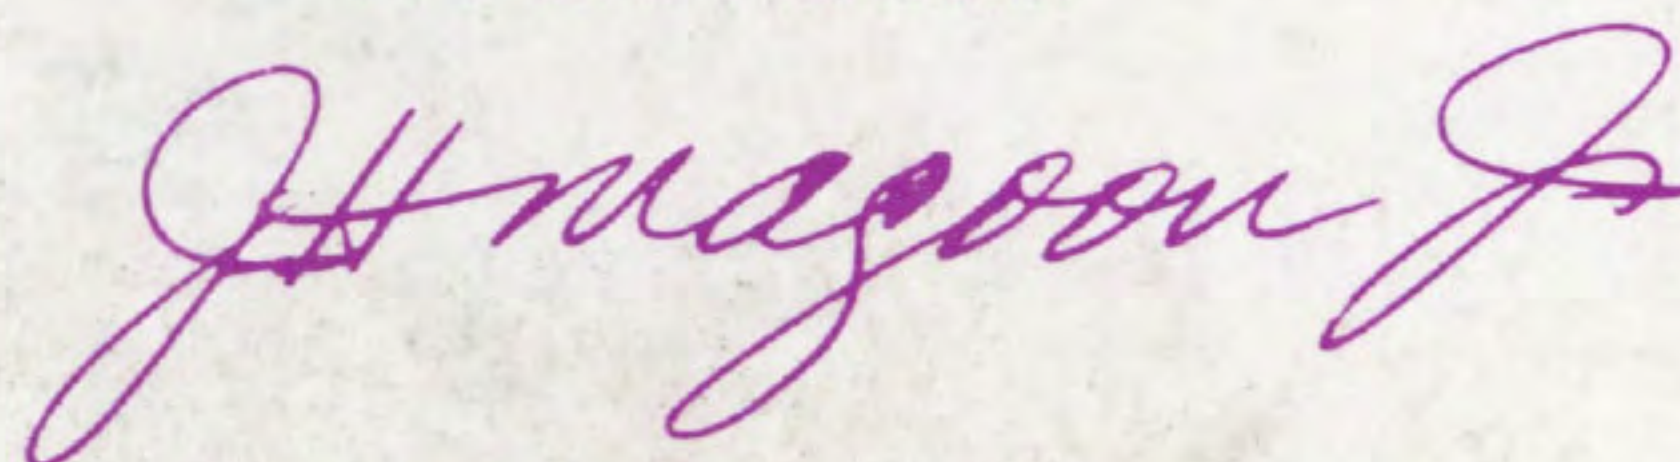

Hawaiian Air has been first in Hawaii since 1929. We were first to fly the skies in Hawaii, first to be licensed for air cargo, first to have computerized reservations, pre-check, tickets by mail and first with many achievements that have carved for us an important role in our community.

It is with this in mind that Hawaiian Air moves forward to meet the air transportation challenges of today. We are fully aware of our commitment to Hawaii and the nation to provide convenient, comfortable and safe airline service between the isles in the most efficient manner.

Long before the present fuel shortage, Hawaiian Air had been devising ways to conserve and better utilize our natural resources. Being the pioneer in Hawaiian aviation, we again can employ our experience to maximize the fuel available to us.

We are proud of our record as a responsible community member and we will continue to offer you every convenience and service that is a tradition at Hawaiian Air.

We are Hawaii!

John H. Magoon, Jr.
Chairman of the Board and President
