THE HUB ROUTE OF THE AIRWAYS

Fastest Transportation

IN THE

MID-CONTINENT AREA!

RIDE MULTI-MOTORED LOCKHEED ELECTRAS

Winging over Mid-Continent America, Hanford's fleet of Multi-Motored Skyliners offers the fastest transportation north and south. Convenient schedules provide departures which make Hanford air travel the preferred way to go places. Business men actually may commute between cities, leaving in the morning and returning at night, conducting a full day's business at distant points. Every convenience is yours on Hanford Luxury Liners . . . Reclining lounge chairs . . . Individual reading lights. There are two pilots and two-way radio communication.
