We're Starting The Day Right For You!

WE'RE ASKING OURSELVES...

WHAT CAN WE DO to better serve travelers and shippers by air?

WHAT CAN WE DO to prove we're a "customer caring" airline?

WHAT CAN WE DO to avoid delays...to operate on time?

WHAT CAN WE DO to sell more people on flying The Metro Way?

AND THEN WE'RE DOING IT! Come fly with us. See for yourself. We know tomorrow's business depends on how well we serve you today. For word-of-mouth advertising is important. Very important. That's why we say to our employees: "As one of the nation's leading regional airlines, we have but one objective: To serve our customers well under any and all conditions. So do your part. Carry your load. And more! It's the one sure way to make Metro what we all want it to be — a customer caring airline."

To maximize safety in the air, the Federal Aviation Administration may, from time to time, delay flights on the ground or in the air. Should this ever happen to you, please do not blame our flight crews and ground personnel. We can assure you, they have the desire and commitment to keep your flight on time. Your understanding and cooperation when exceptions occur will be greatly appreciated. Have a great day!

Metro Airlines and American Airlines

Doing what we do best.

The American AAdvantage

American Airlines' innovative AAdvantage program allows frequent fliers to earn free—or reduced rate—air fares. And it's based on the number of miles you accumulate flying

American. For information and an AAdvantage application, call or write American Airlines.

And you thought we were a small airline.

In many ways we are! Since beginning scheduled service in 1969, we've expanded our system to cover 22 cities in 4 states with well-timed "high frequency" flights providing our over 65,000 monthly passengers with friendly "down home" service. With a fleet of 29 twin-engine propjet airliners ranging from 18 to 50 seats, flying over 1,700 scheduled flights weekly systemwide, Metro has an on-time completion factor that is the envy of airlines throughout the country.

Each of Metro's 600 employees are professionals...dedicated to providing our passengers and freight customers with the same high degree of professional airline service and standards that are associated with the larger airlines.

And when it comes to moving air cargo, shipping via Metro Airlines means time and money saved. Last year, Metro carried over 1,000,000 pounds of air freight, mail and small package shipments to and from outlying communities served by Metro.

As one of the nation's top five Regional Airlines, Metro is committed to provide our communities with reliable, dependable airline service.

The bigger we get...the better we get.
