New Services Offered

This month, Ozark will extend its service to five new cities, all in the state of Illinois—Bloomington, Mattoon-Charleston and Marion-Herrin. Ozark now serves 16 cities in the Prairie State—9 of these cities exclusively. Ozark is the only airline that serves every city in the state that has airline service.

Ozark's flights in the State of Illinois not only provide commuter service between most of the 16 cities of the state but also provide these cities with excellent inter-line connections with other airlines at the Gateway cities of Chicago, Milwaukee, Davenport-Moline, Indianapolis, St. Louis and Kansas City.

Ozark's routes extend over eight states with 31 cities designated for service. During the month of February, Ozark's planes are scheduled to fly 244,880 miles making 252 landings and take-offs per day. To aid Ozark's pilots in making these landings in instrument weather, Ozark's planes are now equipped with ILS (Instrument Landing System). This additional navigation aid approved for use during the past month permits landings at ILS airports with lower weather minimums, thus further increasing Ozark's reliability of service.
