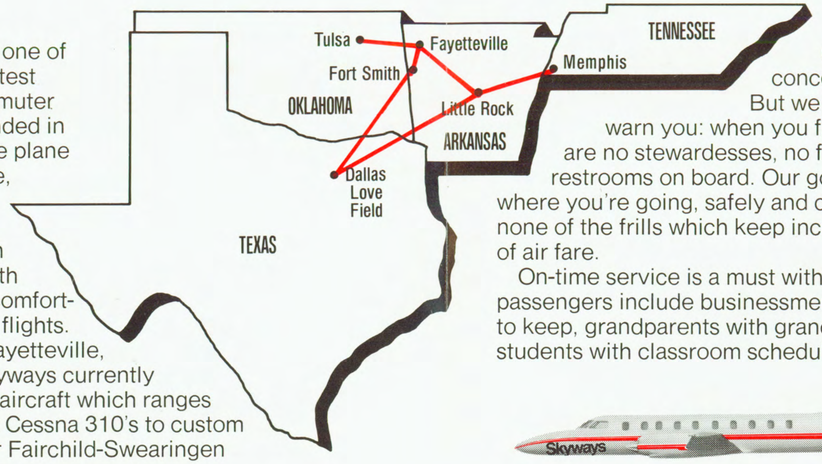
Fly Skyways same day commuter service.



Skyways is one of America's fastest growing commuter airlines. Founded in 1953 with one plane and one route, Skyways today serves passengers in four states with convenient, comfortable, on-time flights.

Based in Fayetteville, Arkansas, Skyways currently has a fleet of aircraft which ranges from efficient Cessna 310's to custom 19-passenger Fairchild-Swearingen Metro II turboprops.

Skyways is the only airline to fly from Dallas Love Field to cities in Arkansas. Ask us about special Weekend Packages in Dallas, which include ground transportation, special rent-a-car rates and first class room accommodations.

Don't forget, Skyways also has special Family Plan rates to and from Dallas Love Field Monday through Thursday.

Skyways Sky Pak service allows customers to ship air freight to any of the 650 airline-served cities in America. For example, a package shipped Sky Pak between Memphis and Fayetteville costs only $12.00, counter-to-counter. For other cost comparisons, call Skyways air freight number shown here.

Convenience is why Skyways came into being. It's a primary reason why 75,000 people a year are now flying Skyways. Our joint fares provide a considerable saving over the combined total of two different tickets to 60 major cities.

Comfort is a primary concern with Skyways. But we think it only fair to warn you: when you fly Skyways, there are no stewardesses, no free drinks, no restrooms on board. Our goal is to get you where you're going, safely and comfortably, with none of the frills which keep increasing the cost of air fare.

On-time service is a must with Skyways. Our passengers include businessmen with appointments to keep, grandparents with grandchildren to see, students with classroom schedules

to meet. The people who know us, love us. We want you to know us, too.

Skyways. We fly the sky your way. With on-time, convenient, comfortable commuter airline service.
