Texas International Traveling Tips

CONNECTIONS—

Domestic Travel—Normally 45 minutes is required at major Texas International Terminals to make flight connections to other carriers. Connections to another Texas International flight requires less time.

International Travel—Connection time may vary between airlines and airports, usually 60 minutes is required. Your Texas International Reservationist will advise you of the connecting time required, and where you should change flights.

BAGGAGE LIABILITY/LIMITATIONS—

Texas International takes pride in the careful handling of your personal property and baggage while it is in our custody. In the event of loss or damage, the liability is limited to the amount equal to the value of such property.

Domestic Travel—Not to exceed $750.00 per fare-paying passenger

International Travel—$9.07 per pound for checked baggage and $400.00 for unchecked baggage per fare-paying passenger. A higher valuation may be declared and additional charges paid in advance. The Texas International agent will be happy to assist you with this detail at the time you check in for your Texas International flight.

CHECK-IN TIME—

Domestic Travel—Ticketed passengers should be at the Texas International Airport ticket counter at least 30 minutes before departure time. Reservations may be cancelled if the passenger has not checked in at the ticket lift point 10 minutes before departure time.

International Travel—The passenger must arrive at the Airport sufficiently in advance of flight departure to permit completion of government formalities and departure procedures. Passengers with valid travel documents should check in 30 minutes before departure time. Passengers requiring International Documentation; should check in 60 minutes before departure time.

RECONFIRM YOUR RESERVATION—

International Travel—Reconfirmation is required when you travel to another city and remain for 24 hours or longer. Reconfirmation of reservation is not required if you remain at any foreign point less than 24 hours. Reservations not reconfirmed according to these procedures are subject to cancellation.

To reconfirm your Reservation, contact the Airline at least 24 hours before flight departure time, advising the Reservationist that you intend to use your continuing space. Please help us make your trip more enjoyable and trouble-free by reconfirming your reservation. Thank you.

RESTRICTED ARTICLES—

For safety reasons, restricted articles such as those listed below, shall not be carried in passengers' baggage without consent of and prior arrangement with Carrier, except that medicinal and toilet articles in small quantities which are necessary or appropriate for the passenger during the journey, such as hair sprays, perfumes and medicines containing alcohol, may be carried without prior approval:

Compressed gases (flammable, non-flammable and poisonous); Corrosives (such as acids, alkalis and wet cell batteries); Flammable liquids and solids (such as lighter or heating fuels, matches and articles which are easily ignited); Oxidizing materials (such as bleaching powder and peroxides); Poisons; Radioactive materials; Other restricted articles (such as mercury, magnetized material, offensive or irritating materials).
