Discover new routes to China

United is proud to provide even more service to Asia with new daily nonstops to China starting April 1.

These new daily flights are between New York Kennedy and Hong Kong and between Chicago O'Hare and Beijing. We've also upgraded our existing nonstops between San Francisco and Shanghai to daily service. These new flights strengthen your reach to Asia and join our existing daily nonstops to give you seven direct flights to China everyday.

You'll find all these routes here in our newly streamlined timetable. To make travel planning easier, the timetable now only lists direct and nonstop domestic and international routes. Connection schedules remain available by downloading the Electronic Timetable from united.com.

At United, we strive to give you unsurpassed global access. We are confident that our additional nonstops to Asia and this simplified timetable will make your travel more convenient than ever.

(United recommends that identification also be placed on the inside of your checked baggage.) Baggage identification labels are available from United at no cost. Car keys, pills, critical medicine or other items necessary for your health or well-being should remain in carry-on luggage whenever possible. Baggage checked prior to departure is generally unavailable until claimed at your destination.

Baggage Liability — Liability for baggage points in the U.S. will not exceed USD \$2500.00 unless you declare a higher valuation and pay a slight extra charge. Excess valuation cannot be declared for certain checked valuable items such as jewelry, negotiable instruments, currency, and antiques.

For international trips, United's liability will not exceed \$9.07 per pound for checked baggage and \$400 per passenger for unchecked baggage, unless you declare a higher value and pay an extra charge. UNITED WILL NOT BE LIABLE FOR LOSS OF MONEY, JEWELRY, CAMERAS, OR OTHER SIMILAR VALUABLES.

For international departures, United recommends that passengers check in two hours in advance.

Class of Service

— On most of United's domestic flights there is a choice of United First, United Economy Plus or United Economy. United First offers spacious seating comfort, and — time permitting — our most luxurious personalized service, complimentary cocktails, gourmet dining, and a variety of other amenities. On our Trans-Atlantic and Trans-Pacific flights, we offer United First, United Business, United Economy Plus (on some aircraft) and United Economy classes of service. United First is truly luxurious with adjustable fully-reclining sleeper seats and delicious full-course meals; United Business is fully comparable to domestic United First service. All three offer various in-flight amenities and entertainment to help pass the time en route swiftly and enjoyably. Economy Plus seating offers up to five inches of additional legroom and is the most spacious economy seating in the industry. In addition, Economy Plus seating offers the same amenities outlined below for United Economy. Economy Plus seating is available on all North American flights (except United Shuttle) including Canada, Puerto Rico, Mexico and Central America on a first come, first served basis to all Mileage Plus members with Premier status or higher and full-fare United Economy ticket holders. United Economy seating offers complimentary meals and movie/stereo headsets are complimentary, and there is a nominal fee for cocktails.

Credit Cards — United Airlines accepts American Express, Diners Club, Carte Blanche, Visa, MasterCard, and Universal Air Travel Card, Discover, enRoute, the JCB Card and the United Travel Card.

Denied Boarding Compensation Plan

You may be entitled to compensation if we are unable to accommodate you on a flight for which you have a confirmed reservation and which departs without you. This is subject to exceptions provided in the tariff on file, conditions of removal, and value of your ticket.

Electronic Devices

— AM and FM transmitters and receivers, portable telephones, remote control toys and similar electronic devices may interfere with aircraft communication and navigation systems. Operating them while on board is prohibited by the Federal Aviation Administration. Portable dictation recorders, cassette players, electronic hand-held calculators and games, typewriter style portable computers with accessory printers and tape drives, watches, hearing aids, heart pacemakers and electric shavers are permitted, however, and may be operated during your flight.

International Passengers — To comply with the requirements placed by foreign governments, it is necessary for International passengers to have the required entry documentation for their itinerary. For information, contact United Airlines' Reservations — International Desk. All United Airlines' passengers purchasing International United Business transportation and traveling to or from a domestic United destination, will be booked in United First or domestic United Business on the domestic portion, providing that: 1) Space is available at the time of the Reservation; 2) There is no United Business cabin on that flight. If a passenger cannot be accommodated in United First based on space availability or lack of United First cabin, during the domestic leg, there will be no refund due the passenger.

Smoking Regulations — In consideration of your fellow passengers and United Airlines flight crews, smoking is not permitted on any flight operated by United Airlines.

Cellular Phones — Cellular phones may be used on board the aircraft while it is on the ground and the doors are open before departure. They may be used on the ground, after the doors are closed, with specific permission from the captain of the flight. This permission will normally be granted during irregular operations. While in flight, cellular phones may not be used at any time.

Mileage Plus news

Book award travel online

Now you can check your account summary and book your award travel online at **united.com**.

Award travel made easy

Through our "Auto-Cert" program, just call Reservations to redeem a travel award. When your reservation is made, the agent has the miles deducted from your account and, within seconds, a certificate number is added to permit ticketing. And with E-Ticket, there is no paper ticket to lose. Simply head to the airport and check in for your flight (must have valid ID). No award codes to remember, or forms to fill out and mail in to Mileage Plus. There is no fee for requesting awards within days of departure.

Introducing United's new E-Upgrades

With the new United E-Upgrade system, you no longer have to worry about paper certificates. When you qualify for upgrades, they will be credited to your electronic upgrade account on a weekly basis, and deducted when you use them. Your upgrade information will appear on your Mileage Plus account summary. You can also check your balance via phone or **united.com**. Upon expiration of United E-Upgrades, your account will be credited with 500 miles for each expired 500-Mile Upgrade.

New 500-mile minimum on United Shuttle

Effective January 1, 2001, you earn a minimum of 500 miles per segment on all paid United Shuttle flights — more than 400 daily flights between 22 destinations across the western U.S. For information or reservations, call **1-800-SHUTTLE** (1-800-748-8853), or go to **united.com**.

Fifteen Members Strong.

The Star Alliance Network—of which United was a founding member—has come of age. The total number of Star Alliance members is 15 world-class carriers.

Since its inception, the Star Alliance network has grown rapidly. The global partnership now offers seamless connections to more than 815 destinations in over 130 countries—as well as access to all Star Alliance carrier lounges and reciprocal frequent flyer miles within the network. These benefits are just a few of the reasons the Star Alliance network was recently praised as "the front-runner in the airline industry's effort to build the most comprehensive global network" by Merrill Lynch's Global Airline Benchmark.

At United, we are proud to be a member of the network that's recognized the world over for superior global service. By joining forces to provide tangible benefits to our customers, we are moving into the new century with a renewed determination to be the best airline in the world.

Regional Alliances for Simplified World Travel

In cooperation with other leading airlines, United forms regional alliances that increase your choice of destinations and simplify your travel experience. An alliance flight is a "code share" flight: operated by one airline, but listed—with special flight code numbers—as a flight of each airline.

Additionally, travel on code share flights earns frequent flyer miles for members of United's Mileage Plus® program. In most cases, members may also redeem miles on our alliance partners.

United Fleet

No matter where you sit on a United flight, we are dedicated to making you feel at home. Because we value comfort, we fly more spacious widebodies than any other airline, and we are installing innovative, "head-to-toe," ergonomic seating in all our aircraft.

These diagrams of the United fleet are a great tool to help you locate your seat on a scheduled flight or to plan where you would like to sit on future trips. We have also detailed, plane-by-plane, our wide array of onboard features. Be sure to also look for United First Suite, enhancements to United Business, and Economy Plus on international aircraft.

More than a regular first class seat that simply reclines, at the touch of a button the United First Suite converts to a fully functional airborne office or a 6½ foot lie-flat bed.

United Business cabins are being reconfigured to provide 20 percent more personal space for work and relaxation. You'll enjoy up to seven inches more legroom and increased seat recline to 150 degrees.

Also, look for Economy Plus, our successful innovation in cabin comfort, with new features and up to five inches more legroom than United Economy.
